Bartel Plots 1 & 2

Owner: Tom Bartel

Bartel Plots 1 and 2 are located at N10422 Camp Shaginappi Road.

Both plots are 35' x 10' rectangles located adjacent to a vegetation covered slope adjoining the lake.

The area receives some full sun but predominantly receives filtered sunlight. The primary shade source is mature oaks.

Plot 1 runs 10' along the lake. The greater depth moving inland allows more sun areas.

Plot 2 runs 35' along the lake.

The soil is sandy to loam and is well drained. The area seems to grow plant that survive in medium to dry soil.

Volunteer Labor Worksheet Used as Grant Match
(Required for Federal \$)

Notice: Some DNR grant programs allow volunteer labor to count as the grantee's match to grant funds provided by the Department. If you have a grant from one of those programs and choose to use volunteer labor as part of your match, use this form to document volunteer labor. Personal information collected will be used for administrative purposes and may be provided to requesters to the extent required by Wisconsin's Open Records Law (ss. 19.31-19.39, Wis. Stats.).

Instructions: Completed form or form developed by grantee showing the same required information must be submitted with each reimbursement request (both partial and final) to verify volunteer labor.

Bartel Plot 3—Substitution List

Carex Pennsylvania has been substituted for the Path Rush due to the requirement of full sun and sandy/rocky soils for the Path Rush.

Bottleneck Grass has been substituted for the Sideouts Grama, which requires full sun to reach its peak.

Sky-blue Aster has been substituted for the Arrow-leaved Aster due to sourcing difficulty.

Blue-Stemmed Goldenrod has been substituted for the Gray goldenrod due to both sourcing difficulty and the need for full sun.

Great Blue Lobelia has been substituted for the Hoary Vervain because the Vervain requires full sun. There has been success with growing Great Blue Lobelia in other parts of the area.

Notice: Some DNR grant programs allow volunteer labor to count as the grantee's match to grant funds provided by the Department. If you have a grant from one of those programs and choose to use volunteer labor as part of your match, use this form to document volunteer labor. Personal information collected will be used for administrative purposes and may be provided to requesters to the extent required by Wisconsin's Open Records Law (ss. 19.31-19.39, Wis. Stats.).

Instructions: Completed form or form developed by grantee showing the same required information must be submitted with each reimbursement request (both partial and final) to verify volunteer labor.

Bartel Plots 1 & 2

Owner: Tom Bartel

Bartel Plots 1 and 2 are located at N10422 Camp Shaginappi Road.

Both plots are 35' x 10' rectangles located adjacent to a vegetation covered slope adjoining the lake.

The area receives some full sun but predominantly receives filtered sunlight. The primary shade source is mature oaks.

Plot 1 runs 10' along the lake. The greater depth moving inland allows more sun areas.

Plot 2 runs 35' along the lake.

The soil is sandy to loam and is well drained. The area seems to grow plant that survive in medium to dry soil.

Bartel Plot 1 Plant List—Bird/Butterfly

DRY-MEDIUM SOIL

PLANT TYPE	FLOWER COLOR	BLOOM TIME	HEIGHT RANGE	TOTAL PLANTS
White oak (<i>Quercus alba</i>)	Pink/red	May-June	70-80 feet	1 tree
Shadblow/service berry (<i>Amelanchier canadensis</i>)	White	April-May	up to 20 feet	1 shrub
American highbush cranberry (<i>Viburnum opulus</i> L. subsp. <i>trilobum</i>)	White	May-June	3-15 feet	1 shrub
1 TREE AND 2 SHRUBS				
Side-oats grama grass (<i>Bouteloua curtipendula</i>)	Tan leaves	June-Aug.	1-2 feet	6/spot x 3 spots = 18 total
June grass (<i>Koeleria cristata</i>)	Tan leaves	July-Aug.	1-2 feet	6/spot x 3 spots = 18 total
Indian grass (<i>Sorghastrum nutans</i>)	Brown leaves	Aug.-Sept.	4-6 feet	6/spot x 3 spots = 18 total
Canada wild rye grass (<i>Elymus canadensis</i>)	Tan leaves	June-Oct.	3-5 feet	6/spot x 3 spots = 18 total
72 GRASSES, RUSHES, & SEDGES				
Butterfly milkweed (<i>Asclepias tuberosa</i>)	Orange	July-Sept.	1-3 feet	6/spot x 2 spots = 12 total
Common milkweed (<i>Asclepias syriaca</i>)	Pink to cream	June-Aug.	3-6 feet	6/spot x 2 spots = 12 total

Wild columbine (<i>Aquilegia canadensis</i>)	Red	April-June	1-3 feet	6/spot x 2 spots = 12 total
96 WILDFLOWERS				

Bartel Plot 1—Substitution List

Virginia Wild Rye is substituted for the Gama grass. It has a similar bloom time, but is more shade tolerant. The site is not entirely full sun, and wanted to add some plants that didn't need full sun.

I would also like to substitute Blue-stemmed Goldenrod for the Stiff Goldenrod.

Notice: Some DNR grant programs allow volunteer labor to count as the grantee's match to grant funds provided by the Department. If you have a grant from one of those programs and choose to use volunteer labor as part of your match, use this form to document volunteer labor. Personal information collected will be used for administrative purposes and may be provided to requesters to the extent required by Wisconsin's Open Records Law (ss. 19.31-19.39, Wis. Stats.).

Instructions: Completed form or form developed by grantee showing the same required information must be submitted with each reimbursement request (both partial and final) to verify volunteer labor.
