

Wisconsin Department of Natural Resources
SWIMS Project Summary

General Project Information

Project ID: AEPP-021-06

Name: BARRON COUNTY: Barron County Aquatic Invasive Species Project

Type: Aquatic Invasives Grant

Subtype: Aquatic Invasives Education

Status: COMPLETE

Start Date: 4/1/2006

End Date: 12/31/2006

Purpose: Barron Co. Soil & Water Conservation Dept. in partnership with several lake associations and districts is sponsoring a one-year countywide AIS project and summer internship to do the following activities: Eurasian watermilfoil and purple loosestrife monitoring and management; other AIS (e.g. zebra mussel, rusty crayfish, and curly-leaf pondweed) monitoring; and a Clean Boats Clean Water watercraft inspection program.

If a new AIS infestation is found, the Intern and County will work with the respective lake group to develop a rapid response plan and/or an AIS plan that meets the requirements of NR 198.43.

- Project deliverables include:
- 1. A project report/assessment of education and outreach activities, monitoring activities, and data collected including a description of the extent of AIS in Barron Co., detail on control measures, and a strategy for future management, as well as the information in 2-6.
 - 2. Maps of purple loosestrife and Eurasian watermilfoil locations and densities.
 - 3. Prioritized list of boat landings for watercraft inspection and explanation of how priorities were developed.
 - 4. Clean Boats Clean Waters data collection summary. Data collected must include those data required as part of the CBCW program and must be entered in the statewide database.
 - 5. Purple loosestrife project summary.
 - 6. Examples of educational/outreach materials developed.

- Special Conditions
- 1. Any new identification of an aquatic invasive species must be immediately reported to the Department.
 - 2. The Eurasian watermilfoil monitoring will be presence/absence monitoring. The Department may provide standardized methods for AIS monitoring.
 - 3. Data, records, and reports, including GIS-based maps and digital images, must be submitted to the Department in a format specified by the regional Lake Coordinator.

A draft report/deliverables will be submitted to the regional Lake Coordinator for review before finalization.

Objective:

Comments: Grantee is BARRON COUNTY

Outcome:

Study Design:

QA Measures:
