

Wisconsin Department of Natural Resources
SWIMS Project Summary

General Project Information

Project ID: LPL-741-01

Name: POLK COUNTY: Wild Goose Lake Planning - Phase II

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

Start Date: 4/1/2001

End Date: 12/31/2002

Purpose: The Polk County Land & Water Resources Department will conduct a comprehensive lake management planning project involving two phases of study and evaluation on Wild Goose Lake and East Lake in Polk County. Phase 2 project activities will include; conducting a watershed biodiversity survey, conducting an exotic species inventory, conducting a sociological landowner survey, conducting a watershed inflow storm event sampling survey, developing hydrologic and nutrient budgets and a computer lake response model, conducting a lake sediment dredge sample and analysis survey, conducting an on-going public participation, media involvement, and information and education program, and completing a comprehensive lake management plan. The results of the Phase 1 study project will be combined with this Phase 2 study project to generate a comprehensive lake management plan for Wild Goose Lake and East Lake and the watershed.

Specific deliverables for this grant project will include:
? Complete records of all phase 2 project activities listed above and in the application project description.
? A comprehensive lake management plan for Wild Goose Lake and East Lake and the watershed.

The Department of Natural Resources will be provided with both a paper copy and an electronic copy of the final report. The project results will be disseminated to the public by newsletter(s), public meeting(s), and local newspaper articles.
