

Wisconsin Department of Natural Resources
SWIMS Project Summary

General Project Information

Project ID: LPL-129 (2017-01)

Name: VILLAGE OF LAKE DELTON: Lake Delton Water Quality Study

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

Start Date: 4/16/1992

End Date: 6/30/1993

Purpose: 1) Obtain streamflow and water quality information of the lake and its watershed. 2) Monitor water quality during 1992 per application specs. 3) Develop nutrient budget for the lake. Determine remediation measures and potential water quality goals.3) Develop a nutrient budget for the lake and determine remediation measures and water quality goals. 4) Identify non point pollutant sources and estimate pollutant loadings from urban and rural sources in the watershed.5) Determine the average annual nutrient and sediment loadings to Lake Delton. 6) Develop alternative management strategies to reach lake's water quality potential.8) Disseminate information to the public by final report and public meeting.

Objective:

Comments: Grantee is VILLAGE OF LAKE DELTON

Outcome:

Study Design:

QA Measures:
