

Wisconsin Department of Natural Resources
SWIMS Project Summary

General Project Information

Project ID: LPL-333

Name: ASHIPPUN LAKE PROTECTION & REHAB DISTRICT: Ashippun Lake Sediment Analysis

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

Start Date: 9/29/1995

End Date: 6/30/2001

Purpose: Conduct a sediment core analysis to determine the following: (1) the historical trophic level of Ashippun Lake and the relative rate of eutrophication. (2) the rate of sedimentation. (3) the factors which have contributed to the historical changes in water quality. The sponsor will use the information to educate residents about the factors affecting the lake's water quality. Project results will be disseminated to the public by public meeting, summary report mailing, and newspaper article. The Department will prepare a final report summarizing the above tasks for the sponsor and will incorporate the information into the Upper Rock River Basin Plan Update.

Objective:

Comments: Grantee is ASHIPPUN LAKE PROTECTION & REHAB DISTRICT
