

Wisconsin Department of Natural Resources
SWIMS Project Summary

General Project Information

Project ID: LPL-751-01

Name: PIKE LAKE CHAIN LAKES ASSOCIATION, INC.: Pike Lake Chain Comprehensive Plan - Phase 5 - Amik Lake

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

Start Date: 4/1/2001

End Date: 12/31/2002

Purpose: The Pike Lake Chain Lakes Association Inc. will conduct a 5-phased project for the development of a comprehensive management plan for the chain of lakes. Phase 5 of this project will involve Amik Lake. This project includes lake water quality monitoring, review of past aquatic plant surveys and the development of a new aquatic plant survey and map including identification of plant sensitive areas and exotics, conducting a shoreland survey and evaluation of buffer zones, identification of potential shoreland restoration sites, and the development of a watershed analysis, development of a pollutant budget and lake model.

Deliverables from the project include:

- 1. Water quality monitoring results
- 2. Lake inventories (watershed, aquatic plants, wildlife)
- 3. Shore vegetation and development map and analysis of problems/potential restorations
- 4. Secchi data entered into the Self-Help Secchi Disk database though the telephone system.

Scope amendment of 07/05/2002:

- 5. Portions of the comprehensive management plan that will be compiled in phase 1.
- 6. Control of Purple Loosestrife including manual control, chemical control, raising and distributing beetles as a portion of an exotics education plan and implementation strategy for the control/or eradication of Purple Loostrife.

The Department of Natural Resources will be provided with both a paper copy and an electronic copy of the final report. The project results will be disseminated to the public by newsletter(s), public meeting(s), and local newspaper articles.

Objective:

Comments: Grantee is PIKE LAKE CHAIN LAKES ASSOCIATION, INC.
