

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: LPL-867-03

Name: BIG ROUND LAKE PROTECTION AND REHAB DISTRICT: Big Round Lake Comprehensive Management Plan Project

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

Start Date: 4/1/2003

End Date: 12/31/2004

Purpose: The Big Round Lake Protection and Rehabilitation District will conduct a comprehensive lake management planning project involving a study and evaluation of Big Round Lake in Polk County. Project activities include; conducting an in-lake water quality monitoring survey, conducting an aquatic plant survey, conducting a watershed runoff survey, conducting a shoreline septic leachate survey, conducting a shoreland habitat survey, conducting a wildlife observations survey, conducting a watershed analysis and developing a nutrient budget, developing a model for calculating lake response to phosphorus loadings, conducting an information and education program, and the development of a comprehensive lake management plan.

Specific deliverables for this grant project include:
 ? A final technical comprehensive lake management plan and report that covers all project activities and recommendations.
 ? A final non-technical summary report in a newsletter form that can be widely distributed to lake users and lake residents.

The Department of Natural Resources will be provided with both a paper copy and an electronic copy of the final report. The project results will be disseminated to the public by newsletter(s), public meeting(s), and local newspaper articles.
