

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: RP-051-03

Name: NE WISCONSIN LAND TRUST: Little Wolf Headwaters Protection & Restoration Project

Type: River Grant

Subtype: River Planning Grant

Status: COMPLETE

Start Date: 7/1/2002

End Date: 12/31/2003

Purpose: Northeast Wisconsin Land Trust (NEWLT) proposes to build a partnership to protect and restore critical resources of the Little Wolf River Headwaters Ecosystem of Waupaca and eastern Portage Counties in collaboration with other organizations, individuals, government units and agencies. They will employ the land protection tools developed by NEWLT to secure permanent protections of, and improvements to, water quality in the Little Wolf River. They will develop a community-based approach to river protection through critical land protection. Specifically, NEWLT will: 1.) Develop partnerships and capacity through a collaborative, community-based approach to resource conservation, 2.) Develop a plan for protection of critical land in the project area, 3.) Develop, produce and use outreach materials and methods to support the goals of the project, and 4.) Raise funds for implementation of land protection plan.

The Department of Natural Resources will be provided with both a paper and electronic copy of the final report.

Objective:

Comments: Grantee is NE WISCONSIN LAND TRUST
