

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: RP-100-05

Name: LAKE KOSHKONONG WETLAND ASSOCIATION: Rock River at Koshkonong Floodplain Forests

Type: River Grant

Subtype: River Planning Grant

Status: COMPLETE

Start Date: 7/1/2004

End Date: 6/30/2005

Purpose: The Lake Koshkonong Wetland Association will conduct a study that will describe correlations between historic and present lake water levels with the growth rates of Floodplain trees in wetlands adjacent to lake Koshkonong and the Rock River. This study will also illustrate the current and proposed hydrologic conditions in relation to rooting structures and surface elevations within these forest communities.

A full description of project deliverables is described in the grant application, which is a part of this contract.

Objective:

Comments: Grantee is LAKE KOSHKONONG WETLAND ASSOCIATION

Outcome:

Study Design:

QA Measures:
