

## Wisconsin Department of Natural Resources SWIMS Project Summary

### General Project Information

**Project ID:** LPL-280

**Name:** TWIN LAKES P & R DISTRICT: Lake Mary Stormwater Management Planning

**Type:** Lakes Grant

**Subtype:** Large Scale Lake Planning

**Status:** COMPLETE

**Start Date:** 3/31/1995

**End Date:** 12/31/2003

**Purpose:** Develop a project work plan. Collect data: flood maps, aerial photography, hydrologic and hydraulic design criteria for existing and proposed developments, topographic maps, ordinances and other information applicable to the development of a stormwater management plan for the Village. Delineate drainage patterns to identify critical areas relating to water quality impacts from stormwater runoff. Describe both existing and future land use conditions into a database system. Calculate stormwater flows avolumes and compute existing and future rural nonpoint source pollutant loads. Analyze and select best management practices to control pollutants. Develop a stormwater management plan. The grantee will disseminate information to the public by newslettermailings, fact sheet distributions, public meetings, summary report mailings, local newspaper articles, a comprehensive management plan and a poster display. Project results will be repositied at the Village of Twin Lakes Hall and the Community Library.

**Objective:**

**Comments:** Grantee is TWIN LAKES P & R DISTRICT

**Outcome:**

**Study Design:**

**QA Measures:**
