

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: LPL-386

Name: POST LAKES P & R DISTRICT: Upper Post Lake Septic Systems Evaluation - Phase 2

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

Start Date: 4/1/1996

End Date: 12/31/1997

Purpose: The Post Lakes Protection and Rehabilitation District proposes to continue the inspection of septic systems around Upper Post Lake to determine compliance with code and report failures. A minimum of 103 septic systems will be inspected and the results reported for follow-up compliance. A final report of the inspection results that indicates soil conditions, system elevation, visual observation descriptions, and opinion of code compliance status for each system inspected. A paper and an electronic copy of the final report will be provided to the Department of Natural Resources. Information on the project results will be disseminated to the public by newsletter, entire report mailing, public meeting, summary report mailing, and local newspaper article.
