### Wisconsin Department of Natural Resources SWIMS Project Summary

#### **General Project Information**

Project ID: LPL-876-03

Name: TOWN OF DELAVAN: Wetland Restoration Project-Delavan Lake

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

**Start Date:** 4/1/2003

**End Date:** 12/31/2006

Purpose: The Town of Delavan wishes to redesign and retrofit their stormwater pond/wetland restoration complex. The total costs for

engineering, construction and monitoring are estimated to be \$375,000. The costs for engineering alone will cost an estimated \$70,000. This grant will cover a small portion of the costs for design of the retrofit. The project deliverable will be

the design specifications (i.e. construction plans) to allow this project to be constructed.

Approval of this plan set for the purposes of fulfilling the grant contract requirements does not include Chapter 30 permit

approval. The Town of Delavan must apply for Chapter 30 permits in order to carry out the project.

The DNR will be provided with both a paper copy and an electronic copy of the final report. Information will be disseminated

to the public as described in the grant application.

Objective:

Comments: Grantee is TOWN OF DELAVAN

Outcome:
