

Wisconsin Department of Natural Resources
SWIMS Project Summary

General Project Information

Project ID: RM-013-03

Name: ASHLAND COUNTY: Ashland Co Rivers Ordinance Development

Type: River Grant

Subtype: River Protection Grant

Status: COMPLETE

Start Date: 7/1/2002

End Date: 6/30/2004

Purpose: Ashland County will conduct a Rivers Ordinance Development Project on all rivers and streams within Ashland County. Project activities include an inventory of existing river resources, including the documentation of stream ratings, existing development, ownership, land uses and cover types, adjacent wetlands, and floodway delineation. Recommended new river shoreland ordinances will be developed and an information and education program will be conducted to share project results. This I&E program will include workshops, the development of a "River and Stream Protection Guide," and the dissemination of project materials to the public.

Specific deliverables for this grant project include:

1. Copies of all resource inventory and land use maps.
2. Copies of new recommended ordinances.
3. Copies of developed I&E materials.
4. A final report documenting project activities and products.

The Department of Natural Resources will be provided with both a paper copy and an electronic copy of the final report. The project results and reports will be available to the public.

Objective:

Comments: Grantee is ASHLAND COUNTY

Action	Detailed Description	Start Date	End Date	Status
Watershed Mapping or Assessment	Ashland County will conduct a Rivers Ordinance Development Project on all rivers and streams within Ashland County. Project activities include an inventory of existing river resources, including the documentation of stream ratings, existing development, ownership, land uses and cover types, adjacent wetlands, and floodway delineation. Recommended new river shoreland ordinances will be developed and an information and education program will be conducted to share project results. This I&E program will include workshops, the development of a "River and Stream Protection Guide," and the dissemination of project materials to the public. Specific deliverables for this grant project include: 1. Copies of all resource inventory and land use maps. 2. Copies of new recommended ordinances. 3. Copies of developed I&E materials. 4. A final report documenting project activities and products. The Department of Natural Resources will be provided with both a paper copy and an electronic copy of the final report. The project results and reports will be available to the public.	7/1/2002	6/30/2004	COMPLETE
Develop/Distribute Brochures/Literature	Ashland County will conduct a Rivers Ordinance Development Project on all rivers and streams within Ashland County. Project activities include an inventory of existing river resources, including the documentation of stream ratings, existing development, ownership, land uses and cover types, adjacent wetlands, and floodway delineation. Recommended new river shoreland ordinances will be developed and an information and education program will be conducted to share project results. This I&E program will include workshops, the development of a "River and Stream Protection Guide," and the dissemination of project materials to the public. Specific deliverables for this grant project include: 1. Copies of all resource inventory and land use maps. 2. Copies of new recommended ordinances. 3. Copies of developed I&E materials. 4. A final report documenting project activities and products. The Department of Natural Resources will be provided with both a paper copy and an electronic copy of the final report. The project results and reports will be available to the public.	7/1/2002	6/30/2004	COMPLETE

Wisconsin Department of Natural Resources SWIMS Project Summary

Ordinance Development or Implementation	Ashland County will conduct a Rivers Ordinance Development Project on all rivers and streams within Ashland County. Project activities include an inventory of existing river resources, including the documentation of stream ratings, existing development, ownership, land uses and cover types, adjacent wetlands, and floodway delineation. Recommended new river shoreland ordinances will be developed and an information and education program will be conducted to share project results. This I&E program will include workshops, the development of a "River and Stream Protection Guide," and the dissemination of project materials to the public. Specific deliverables for this grant project include: 1. Copies of all resource inventory and land use maps. 2. Copies of new recommended ordinances. 3. Copies of developed I&E materials. 4. A final report documenting project activities and products. The Department of Natural Resources will be provided with both a paper copy and an electronic copy of the final report.
