

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: RP-031-01

Name: VILLAGE OF CLEVELAND: Centerville Ck Watershed Eval & Streambank Stabilization

Type: River Grant

Subtype: River Planning Grant

Status: COMPLETE

Start Date: 10/18/2000

End Date: 12/31/2001

Purpose: The Village of Cleveland proposes to conduct a Centerville Creek Watershed Study and Streambank Stabilization Study. Project objectives are to review changes in existing agricultural practices; perform a limited land use inventory of agricultural operations, evaluate the urban component of surface water quality attributed to the Village of Cleveland; evaluate the condition of streambanks within the Village and former millpond area; identify cost effective management strategies to stabilize highly eroded streambanks which endanger public safety; identify policies related to watershed land use; and strive to develop relationships between the Village, Town and County agencies.

Objective:

Comments: Grantee is VILLAGE OF CLEVELAND
