

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: LPT-291-06

Name: MINOCQUA/KAWAGUESAGA LAKES PROTECTION ASSN.: LMI-Minocqua/Kawaguesaga Lakes - Watershed & Water

Type: Lakes Grant

Subtype: Lake Protection Grant

Status: COMPLETE

Start Date: 9/1/2005

End Date: 6/30/2012

Purpose: The Minocqua/Kawaguesaga Lake Protection Association, Inc., in cooperation with the US Geological Service (USGS) and a hired consultant, will conduct a lake/watershed evaluation and develop a management plan.

The project includes: 1) USGS will conduct lake water quality, streamflow, precipitation, groundwater & lake stage monitoring and simulate changes in phosphorus loading of the lakes 2) a consultant with association help, will develop and conduct a community survey and summarize results in a report 3) consultant will conduct educational activities 4) consultant will construct a lake/watershed management master plan and action plan.

Project deliverables include: 1) USGS archived data, 2) precipitation, lake stage, & flow data on the USGS internet web site, 3) discharge, water quality & loading data published in annual USGS data reports, 4) summary of educational activities, 5) presentation of results at the lake association annual meeting, 6) Water Resources Investigation Report will be prepared summarizing project, 7) Developed lake/watershed management master plan.

Specific conditions for this project include: 1) Installation of stream and lake gauging stations must receive the approval and/or permit from the DNR water regulation section. 2) a draft copy of the lake/watershed management master plan must be presented to the DNR for review and approval prior to adoption of the final plan.

The Department will be provided with an electronic and paper copy of the master plan and "Water Resources Investigations Report", "Water resources data-Wisconsin" and "Water-quality and lake-stage data for Wisconsin lakes". The Department will be provided with all raw data in electronic format. Project results will be disseminated to the public by consultant presentations at the annual lake association meeting.

Objective:

Comments: Grantee is MINOCQUA/KAWAGUESAGA LAKES PROTECTION ASSN.

Outcome:

Study Design:

QA Measures:
