

## Wisconsin Department of Natural Resources SWIMS Project Summary

### General Project Information

**Project ID:** RP-098-05

**Name:** FOX WOLF WATERSHED ALLIANCE: Fox Wolf Water Quality Summit Implementation Project

**Type:** River Grant

**Subtype:** River Planning Grant

**Status:** COMPLETE

**Start Date:** 7/1/2004

**End Date:** 12/31/2005

**Purpose:** The Fox Wolf Watershed alliance proposes to implement recommendations from a February 2004 water quality summit. Phase 2 of the project calls for five tasks to be implemented. They are:

1. State of the Basin report to be done by Lawrence University intern to coordinate and condense existing information/reports. The information will be presented in a final document prepared professionally similar to the State of The Bay report for Green Bay.
2. Website update - update the Fox Wolf Alliance website to function as a n information clearinghouse for information produced by this group.
3. Agricultural Meeting and Task Force- the goal is to develop a task force to produce at least one initiative to address phosphorus and sediment loading to the basin from Agricultural sources.
4. Research Coordination - the goal of this task is to expand the existing research workshop. Identify basin research gaps, and identify collaborative research projects.
5. Phosphorus Outreach and Education- the goal of this task is to plan and expand the content and marketing for a Phosphorus Workshop in the basin.

**Objective:**

**Comments:** Grantee is FOX WOLF WATERSHED ALLIANCE

**Outcome:****Study Design:****QA Measures:**
