

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: LPL-1112-07

Name: CITY OF PLYMOUTH: Comprehensive Lake Plan- Phase III

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

Start Date: 10/1/2006

End Date: 12/31/2008

Purpose: A consultant for the City of Plymouth will provide a comprehensive management plan for long-term management of the Plymouth Mill Pond.. This plan will build upon the objectives from Phase II of the grant and the data collected from Phase I. Two paper copies and one electronic copy of the report will be provided to the department. Exact details for deliverables are described in the project description. The report/management plan will contain the following project deliverables:
 " A long term management plan for the Plymouth Mill Pond.
 " The management plan will include water quality objectives, recommended BMPs, ordinances and/or other actions.
 " Preliminary engineering for implementation of best management practices
 " The strategy for implementation of the plan
 " Coordinate with other county agencies to obtain information on known erosion control areas of concern, identify critical sites and develop land management use objectives in the watershed.
 " Work with state agencies on recommended management actions for the protection of threatened and endangered species or resources in the project area.
 " Provide information on the adequacy of existing land use plans, runoff control ordinances, enforcement and other existing programs relative to protecting the water quality.

Objective:

Comments: Grantee is CITY OF PLYMOUTH
