

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: RP27916

Name: RIVER ALLIANCE OF WISCONSIN: Kinni Dam Plan

Type: River Grant

Subtype: River Planning Grant

Status: COMPLETE

Start Date: 2/15/2016

End Date: 6/30/2017

Purpose: The River Alliance of Wisconsin is sponsoring a project to develop a Feasibility Study for restoration of the Kinnickinnic River through removal of a dam in the City of River Falls. Project activities and deliverables include: 1) request for proposals and firm selection, 2) coordination with regulators and stakeholders, 3) public input meeting, 4) hydrology and structural engineering review, 5) detailed project cost estimate and feasibility study, 6) aid in outreach and planning re: study results, 7) assist Friends of the Kinni in development of educational resources and community involvement, and 8) final report. This scope summarizes the project detail provided in the application and does not negate tasks/deliverables described therein. Data, records, and reports, including GIS-based maps and digital images must be submitted to the Department in a format specified by the regional Lake Planner. If consultant is to provide final report, it is recommended that Grantee provide the Lake Planner with a draft for comment on report adequacy prior to making final payment to the consultant. DNR to receive both paper and electronic .pdf copies of the final report along with, or prior to submission of the grantee's final payment request.

Objective:

Comments: Grantee is RIVER ALLIANCE OF WISCONSIN
