

Wisconsin Department of Natural Resources
SWIMS Project Summary

General Project Information

Project ID: LPL-1133-07

Name: MINOCQUA/KAWAGUESAGA LAKES PROTECTION ASSN.: Kawaguesaga Lake Mgt. Plan - Phase IV Macrophyte Studies

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

Start Date: 10/1/2006

End Date: 6/30/2010

Purpose: Minocqua/Kawaguesaga Lakes Protection Association is sponsoring a large scale lake planning grant to study Kawaguesaga Lake in Oneida County with a study completion date of June 30, 2008. Town of Minocqua is a project sponsor. The project will focus on developing an APM Plan for Kawaguesaga Lake. Completion of an Aquatic Plant Management (APM) Plan will allow for potential Aquatic Invasive Species (AIS) cost sharing grants and permits for Eurasian water-milfoil (EWM) and curly-leaf pondweed control.

Project activities include:

- 1) Education and communication - initial meeting, progress meetings, results meeting, news releases, newsletter articles, and informational pamphlets
- 2) Point-intercept (PI) survey of aquatic plants with 2 sets of pressed plants
- 3) Aquatic plant community mapping and analysis
- 4) Curly-leaf pondweed survey
- 5) Formation of Aquatic Plant Committee
- 6) Develop APM Plan

Project deliverables include:

- 1) News releases, newsletter articles, and informational pamphlets
- 2) PI data and aquatic plant community maps
- 3) 2 sets of pressed aquatic plants (one for lake group and second for Dept)
- 4) APM Plan

Specific conditions for this project:

- APM Plan needs Dept review and approval

WDNR Lakes Management Coordinator will be provided with an electronic (pdf or word) and hard copy of APM Plan, news releases, newsletter articles, informational packets, data from PI survey, set of pressed aquatic plants, and all maps from project.

Objective:

Comments: Grantee is MINOCQUA/KAWAGUESAGA LAKES PROTECTION ASSN.

Outcome:

Study Design:

Aquatic Plant Management Plan for Miocqua/Kawaguesaga Lakes; & Minocqua/Tomahawk Thoroughfare	This plan is an Aquatic Plant Management Plan (APMP). An APMP is required to be prepared and formally approved by the Wisconsin Department of Natural Resources in order to qualify for a wide array of grants to study, plan and manage the lakes. The first APMP was produced in 2009 and this 2015-16 plan is the result of the evaluation and revamping of the 2009 plan. This plan was produced with extensive public input and will help guide the Minocqua-Kawaguesaga Lake Protection Association (MKLPA) and the Wisconsin DNR in managing the aquatic plant community in Minocqua Lake, Kawaguesaga Lake, Minocqua Thoroughfare, and a portion of the Tomahawk Thoroughfare over the next five years (2016-2020) at which point it will be evaluated in 2021.
