

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: GL00E02317_LM1704_FondduLac9KE

Name: Nine Key Element Plan Development in Upper Fox River Basin

Type: Great Lakes Restoration Initiative

Subtype: Nearshore Health and NPS

Status: ACTIVE

Start Date: 1/1/2018

End Date: 9/30/2019

Purpose: Fond du Lac County Land & Water Conservation Department staff will prepare two 9 Key Element Plans that are consistent with EPA Guidance and the Upper Fox River TMDL. One of the watersheds contains both an urban portion and rural portion; while one watershed is primarily rural. The project will involve collecting inventory data from the field for nonpoint source pollution control, as well as collecting and utilizing existing data to develop the 9 Key Element Plans. The 9 Key Element Plans, when completed, will be sent to EPA's Nonpoint Source Program (Section 319 of Clean Water Act) staff for review and approval. Once approved, the goal is to utilize the plans to guide project implementation and obtain funding for implementation.

Project Statuses

Date	Reported By	Status	Comments
4/17/2018	KENDRA AXNESS	Progress: 0-25% Complete	<p>Work Accomplished: Mapped Nutrient Management Plan coverage in Pipe Creek Watershed; Compiled photos documenting runoff in the Pipe Creek Watershed for use in the 9KE plan; met with DNR staff on Feb 2 regarding 9KE plan and STEPL.</p> <p>Work in Progress: Contacting and meeting with farmers in Pipe Creek Watershed to identify priority areas for streambank and gully protection utilizing in-field inventory and GIS aerial photo data; Preparation of STEPL data to determine baseline loading and potential reductions for Pipe Creek Watershed; Meet with DNR staff to develop continued monitoring strategy;</p>

Wisconsin Department of Natural Resources SWIMS Project Summary

7/1/2018	KENDRA AXNESS	Progress: 25-50% Complete	<p>Work Accomplished: Mapped Nutrient Management Plan coverage in Pipe Creek Watershed; Compiled photos documenting runoff in the Pipe Creek Watershed for use in the 9KE plan; Preparation of STEPL data to determine baseline loading and potential reductions for Pipe Creek Watershed.</p> <p>Work in progress: Continue contacting and meeting with farmers/landowners in Pipe Creek Watershed to identify any additional priority areas that should be identified in the 9 key element plan; Development of working draft of Pipe Creek Watershed Plan.</p>
10/29/2018	KENDRA AXNESS	Progress: 25-50% Complete	<p>Work Accomplished: Completed draft 9-Key element plan for the Pipe Creek Watershed and submitted to DNR for review; Submitted request to re-scope grant with EPA and shift grant funding efforts to the development of 9 key element planning through the Lake Winnebago Pool Lake Management Plan.</p> <p>Work in Progress: Waiting for comments from DNR on draft 9-key element plan for Pipe Creek Watershed; Met with Jessica Schultz from Fox Wolf Watershed Alliance to inventory information that is available to develop for the HUC 12s that will be included in the Lake Management 9-Key Element Planning efforts. Compiling data and running EVAAL for the HUC 12s included in the planning effort. Determining amount of Nutrient Management coverage in the HUC 12s for the use in determining baseline loadings.</p>
4/29/2019	KENDRA AXNESS	Progress: 25-50% Complete	<p>Reviewed watershed plans that were relevant to the project area. Determined what information was relevant from the plans to include in the nine key element plan. Utilized available tools to determine the number of acres of wetlands and miles of trout streams by HUC 12 as well as the number of acres of potentially restorable wetlands. Began outreach with farmers by participating in the Fond du Lac County Farmer Group meeting and surveying the farmers in attendance. Started drafting background language for individual HUC 12 reports. Fox Wolf Watershed Alliance staff is working WDNR to compile watershed data and run base loading allocations utilizing SNAP + for the HUC 12's included in the planning effort. Gathered Best Management Practice (BMP) background information for the practices most likely going to be recommended in the plan.</p>
7/12/2019	KENDRA AXNESS	Progress: 50-75% Complete	<p>Completed watershed goals and management objectives, management measures implementation, estimated load reductions, information and education, cost analysis, funding sources, and measuring planned progress and success, literature cited, appendix, list of figures, list of tables, list of appendices, and acknowledgements sections of the plan. Met with Andrew Craig and Keith Marquardt on 5/2/2019 and 5/22/2019 to discuss progress and plan details. Completed plan draft and submitted to Andrew Craig, Keith Marquardt, Mary Gansberg, and Erin Carviou, WDNR on 5/29/2019.</p>
10/29/2019	KENDRA AXNESS	Progress: 50-75% Complete	<p>Gathered Best Management Practice (BMP) background information for the practices going to be recommended in the plan. Currently working to prepare for modeling workshop being held October 23; Develop water quality monitoring plan in conjunction with the WDNR; develop tracking and reporting criteria/plan; develop outreach and education plan.</p>

Wisconsin Department of Natural Resources SWIMS Project Summary

5/14/2020	KENDRA AXNESS	Progress: 75-100% Complete	Fond du Lac County Land and Water Conservation Dept completed the Pipe Creek 9 Key Element Plan. The plan was approved by WDNR and USEPA in January 2020. Fox Wolf Watershed Alliance prepared a draft Winnebago Waterways 9 Key Element Plan and draft HUC 12 reports. Drafts will be reviewed by WDNR (Keith Marquardt, Andrew Craig, Eric Evenson). Work in Progress includes finalizing the language in the Draft Plan and finalizing the HUC 12 reports by reviewing modeling data for consistency and formatting the report. Future work includes finalizing the Plan and appendix, sending to partners for review, and submitting to WDNR. Project is due to end on June 30, 2020 however an extension request from Fond du Lac County and FWWA is anticipated.
10/13/2020	KENDRA AXNESS	Progress: 75-100% Complete	Project end date was extended to September 30, 2020. Fox Wolf Watershed Alliance continued working on the Winnebago Waterways 9 Key Element Plan and HUC 12 reports. Finalized main 9 KE Plan with the exception of the funding component. Finalized HUC 12 Reports with the exception of the funding component. Next steps include finalizing the funding components of both pieces, forwarding to the counties for review, and submitting to WDNR. Final invoice anticipated to be submitted in next quarter.
4/28/2021	KENDRA AXNESS	Progress: 75-100% Complete	Draft plan is under review by DNR. Waiting for final invoice from FWWA.
9/28/2021	KENDRA AXNESS	Complete	Final invoice approved in August 2021. Project is complete. Final deliverable is a draft plan that is stored in OGW file share (wy_gl\Grants\GLRI\CapacityGrants\2017FY\FY17_FA3 NearshoreNonpoint\z9-key Fond du Lac \FWWA_files_Oct2020). WDNR Nonpoint and Water Quality programs will oversee plan finalization and submittal to USEPA for approval.

Project Status Detail

Wisconsin Department of Natural Resources SWIMS Project Summary

Answer Set: 2021

Question	Answer
1. Reporting Timeframe (Q1) (Q2) (Q3) (Q4):	
2. Amount expended this reporting period:	
3. Subcontracts or subgrants awarded this reporting period:	
4. QAPP (Project Plan) status:	
5. Local services and/or products purchased this reporting period:	
6. Number of jobs created this reporting period:	
7. Work accomplished this reporting period:	
8. Work goals for coming reporting period:	
1. Reporting Timeframe Month/Year to Month/Year (Oct-Mar or Apr-Sept):	Oct 2020 - Sept 2021
2. Quality Documentation status (respond NA if not required):	N/A
3. Describe work performed during this reporting period relating to the activities from the grant workplan (Previous 6 months):	Project was substantially complete in Sept 2020. Have been waiting on final invoice.
4. GLRI Action Plan metric(s) accomplished and numerical progress during this reporting period:	N/A
5. GLRI Action Plan metric(s) accomplished and numerical progress since project start (total complete to date):	N/A
6. Percentage (estimate) of project work completed during this reporting period:	5
7. Percentage (estimate) of project work completed since the project start (total complete to date):	100
8. Is project work on schedule? If no, please explain.	Project is complete.
9. If a problem was encountered, describe the problem and action(s) taken to correct it.	N/A
10. What work is projected during the next reporting period? (Next 6 months):	None, project is complete.
11. Will the project take longer than the approved project period? If so, have you requested an extension in writing to the grant coordinator?	N/A
12. Amount expended this reporting period (can be approximate) If no amount expended, explain why.	Invoice for \$12,635.36 was approved in August 2021.
13. Is project invoicing/expenditures up to date? If invoicing is more than 3 months overdue, explain why.	Yes.
14. Were any significant changes (>10% of the total project amount) made to the project budget? If so, have you notified the grant coordinator in writing?	No.

Wisconsin Department of Natural Resources SWIMS Project Summary

Answer Set: Q2-Q3_2020

Question	Answer
1. Reporting Timeframe (Q1) (Q2) (Q3) (Q4):	
2. Amount expended this reporting period:	
3. Subcontracts or subgrants awarded this reporting period:	
4. QAPP (Project Plan) status:	
5. Local services and/or products purchased this reporting period:	
6. Number of jobs created this reporting period:	
7. Work accomplished this reporting period:	
8. Work goals for coming reporting period:	
1. Reporting Timeframe Month/Year to Month/Year (Oct-Mar or Apr-Sept):	Apr-Sept
2. Quality Documentation status (respond NA if not required):	NA
3. Describe work performed during this reporting period relating to the activities from the grant workplan (Previous 6 months):	Finalized main 9 KE Plan with the exception of the funding component. Finalized HUC 12 Reports with the exception of the funding component - HUC 12 reports offer a detailed report about each unique HUC 12 in the project area. Finalized Appendix B, "Management Objectives, Recommendations, and Actions."
4. GLRI Action Plan metric(s) accomplished and numerical progress during this reporting period:	N/A
5. GLRI Action Plan metric(s) accomplished and numerical progress since project start (total complete to date):	N/A
6. Percentage (estimate) of project work completed during this reporting period:	15
7. Percentage (estimate) of project work completed since the project start (total complete to date):	95
8. Is project work on schedule? If no, please explain.	No, delivery of final documents is a little behind schedule.
9. If a problem was encountered, describe the problem and action(s) taken to correct it.	Report writing is taking longer than expected. Grant was extended to Sept 30.
10. What work is projected during the next reporting period? (Next 6 months):	Finalize funding pieces of 9KE Plan. Share completed 9KE plan for review by counties, then submit to WDNR for review. Send final invoice.
11. Will the project take longer than the approved project period? If so, have you requested an extension in writing to the grant coordinator?	Project is substantially complete. Did not request another extension. Final invoice anticipated in next quarter.
12. Amount expended this reporting period (can be approximate) If no amount expended, explain why.	Invoice for \$37,365 was received in Nov 2019. Anticipating final invoice for remaining amount (\$12,635) in next quarter.
13. Is project invoicing/expenditures up to date? If invoicing is more than 3 months overdue, explain why.	Project invoicing is up-to-date.
14. Were any significant changes (>10% of the total project amount) made to the project budget? If so, have you notified the grant coordinator in writing?	No.

Wisconsin Department of Natural Resources SWIMS Project Summary

Answer Set: Q4-2019 Q1-2020

Question	Answer
1. Reporting Timeframe (Q1) (Q2) (Q3) (Q4):	
2. Amount expended this reporting period:	
3. Subcontracts or subgrants awarded this reporting period:	
4. QAPP (Project Plan) status:	
5. Local services and/or products purchased this reporting period:	
6. Number of jobs created this reporting period:	
7. Work accomplished this reporting period:	
8. Work goals for coming reporting period:	
1. Reporting Timeframe Month/Year to Month/Year (Oct-Mar or Apr-Sept):	Oct2019-Mar2020
2. Quality Documentation status (respond NA if not required):	NA
3. Describe work performed during this reporting period relating to the activities from the grant workplan (Previous 6 months):	Fond du Lac County Land and Water Conservation Dept completed the Pipe Creek 9 Key Element Plan. The plan was approved by WDNR and USEPA in January 2020. Fox Wolf Watershed Alliance prepared a draft Winnebago Waterways 9 Key Element Plan and draft HUC 12 reports. Drafts will be reviewed by WDNR (Keith Marquardt, Andrew Craig, Eric Evenson). Work in Progress includes finalizing the language in the Draft Plan and finalizing the HUC 12 reports by reviewing modeling data for consistency and formatting the report.
4. GLRI Action Plan metric(s) accomplished and numerical progress during this reporting period:	
5. GLRI Action Plan metric(s) accomplished and numerical progress since project start (total complete to date):	
6. Percentage (estimate) of project work completed during this reporting period:	20%
7. Percentage (estimate) of project work completed since the project start (total complete to date):	85%
8. Is project work on schedule? If no, please explain.	No, the Winnebago Waterways 9 Key Element Plan is taking longer than anticipated.
9. If a problem was encountered, describe the problem and action(s) taken to correct it.	Slower pace for completing work than anticipated; no major problems.
10. What work is projected during the next reporting period? (Next 6 months):	Future work includes finalizing the Plan and appendix, sending to partners for review, and submitting to WDNR.
11. Will the project take longer than the approved project period? If so, have you requested an extension in writing to the grant coordinator?	Project is scheduled to end on June 30, 2020 however an extension request from Fond du Lac County and FWFA is anticipated.
12. Amount expended this reporting period (can be approximate) If no amount expended, explain why.	
13. Is project invoicing/expenditures up to date? If invoicing is more than 3 months overdue, explain why.	Yes. Invoice for \$24,969 was processed in Nov 2019. Approx \$12,500 is left in the grant.
14. Were any significant changes (>10% of the total project amount) made to the project budget? If so, have you notified the grant coordinator in writing?	No.

Wisconsin Department of Natural Resources SWIMS Project Summary

Answer Set: Q3-2019 (July-Sept)

Question	Answer
1. Reporting Timeframe (Q1) (Q2) (Q3) (Q4):	Q3-2019 (July-Sept)
2. Amount expended this reporting period:	
3. Subcontracts or subgrants awarded this reporting period:	
4. QAPP (Project Plan) status:	
5. Local services and/or products purchased this reporting period:	
6. Number of jobs created this reporting period:	
7. Work accomplished this reporting period:	Gathered Best Management Practice (BMP) background information for the practices going to be recommended in the plan.
8. Work goals for coming reporting period:	Host modeling workshop October 23; Finalize tracking and reporting plan; Draft comprehensive report (Pull draft components together into comprehensive report with target completion date of November 22; Review by County Land Conservation Department staff with target completion date of November 22 - December 9; Host a focus group week of December 16; Have draft report to WDNR December 31. Note that grant is due to end on 12/31/19 but an extension to 6/30/20 has been requested, to allow time for plan reviews and approvals.
1. Reporting Timeframe Month/Year to Month/Year (Oct-Mar or Apr-Sept):	
2. Quality Documentation status (respond NA if not required):	
3. Describe work performed during this reporting period relating to the activities from the grant workplan (Previous 6 months):	
4. GLRI Action Plan metric(s) accomplished and numerical progress during this reporting period:	
5. GLRI Action Plan metric(s) accomplished and numerical progress since project start (total complete to date):	
6. Percentage (estimate) of project work completed during this reporting period:	
7. Percentage (estimate) of project work completed since the project start (total complete to date):	
8. Is project work on schedule? If no, please explain.	
9. If a problem was encountered, describe the problem and action(s) taken to correct it.	
10. What work is projected during the next reporting period? (Next 6 months):	
11. Will the project take longer than the approved project period? If so, have you requested an extension in writing to the grant coordinator?	
12. Amount expended this reporting period (can be approximate) If no amount expended, explain why.	
13. Is project invoicing/expenditures up to date? If invoicing is more than 3 months overdue, explain why.	
14. Were any significant changes (>10% of the total project amount) made to the project budget? If so, have you notified the grant coordinator in writing?	

Wisconsin Department of Natural Resources SWIMS Project Summary

Answer Set: Q2-2019 (Apr-June)

Question	Answer
1. Reporting Timeframe (Q1) (Q2) (Q3) (Q4):	Q2-2019 (April 10-July 10)
2. Amount expended this reporting period:	\$ 14,813
3. Subcontracts or subgrants awarded this reporting period:	
4. QAPP (Project Plan) status:	
5. Local services and/or products purchased this reporting period:	
6. Number of jobs created this reporting period:	
7. Work accomplished this reporting period:	Completed watershed goals and management objectives, management measures implementation, estimated load reductions, information and education, cost analysis, funding sources, and measuring planned progress and success, literature cited, appendix, list of figures, list of tables, list of appendices, and acknowledgements sections of the plan. Met with Andrew Craig and Keith Marquardt on 5/2/2019 and 5/22/2019 to discuss progress and plan details. Completed plan draft and submitted to Andrew Craig, Keith Marquardt, Mary Gansberg, and Erin Carviou, WDNR on 5/29/2019.
8. Work goals for coming reporting period:	Complete the following by October 10 <ul style="list-style-type: none"> o Make revisions required after DNR and EPA review o Make copies of finalized plan for distribution. o Plan presentations to Land Conservation Committee, and other groups
1. Reporting Timeframe Month/Year to Month/Year (Oct-Mar or Apr-Sept):	
2. Quality Documentation status (respond NA if not required):	
3. Describe work performed during this reporting period relating to the activities from the grant workplan (Previous 6 months):	
4. GLRI Action Plan metric(s) accomplished and numerical progress during this reporting period:	
5. GLRI Action Plan metric(s) accomplished and numerical progress since project start (total complete to date):	
6. Percentage (estimate) of project work completed during this reporting period:	
7. Percentage (estimate) of project work completed since the project start (total complete to date):	
8. Is project work on schedule? If no, please explain.	
9. If a problem was encountered, describe the problem and action(s) taken to correct it.	
10. What work is projected during the next reporting period? (Next 6 months):	
11. Will the project take longer than the approved project period? If so, have you requested an extension in writing to the grant coordinator?	
12. Amount expended this reporting period (can be approximate) If no amount expended, explain why.	
13. Is project invoicing/expenditures up to date? If invoicing is more than 3 months overdue, explain why.	
14. Were any significant changes (>10% of the total project amount) made to the project budget? If so, have you notified the grant coordinator in writing?	

Wisconsin Department of Natural Resources SWIMS Project Summary

Question	Answer
Answer Set: Q1-2019 (Jan-Mar)	
1. Reporting Timeframe (Q1) (Q2) (Q3) (Q4):	Q1-2019 (Jan-March)
2. Amount expended this reporting period:	
3. Subcontracts or subgrants awarded this reporting period:	
4. QAPP (Project Plan) status:	
5. Local services and/or products purchased this reporting period:	
6. Number of jobs created this reporting period:	
7. Work accomplished this reporting period:	Reviewed watershed plans that were relevant to the project area. Determined what information was relevant from the plans to include in the nine key element plan. Utilized available tools to determine the number of acres of wetlands and miles of trout streams by HUC 12 as well as the number of acres of potentially restorable wetlands. Began outreach with farmers by participating in the Fond du Lac County Farmer Group meeting and surveying the farmers in attendance. Started drafting background language for individual HUC 12 reports. Fox Wolf Watershed Alliance staff is working WDNR to compile watershed data and run base loading allocations utilizing SNAP+ for the HUC 12's included in the planning effort. Gathered Best Management Practice (BMP) background information for the practices most likely going to be recommended in the plan. Will be finalizing this list by working with land conservation staff in the Lower Fox River to learn more about the practices that have been being adopted in watersheds with increased implementation efforts and working with LCDs in the project area.
8. Work goals for coming reporting period:	Finalize baseline P and TSS baseline loading reports by HUC 12; Host a meeting with LCDs to go over work completed and discuss strategy for modeling; Work with WDNR to set up models for modeling workshop; Finalize list of BMPs that will be used in the modeling effort with county LCDs; Draft HUC 12 Info at a Glance Pages; Draft BMP overview section of the plan, include cost estimates for BMPs; Draft overview of current state ag regulations to include in plan; Gather info from counties re: unique county ordinances; Create list of current funding opportunities for county LCDs to review.
1. Reporting Timeframe Month/Year to Month/Year (Oct-Mar or Apr-Sept):	
2. Quality Documentation status (respond NA if not required):	
3. Describe work performed during this reporting period relating to the activities from the grant workplan (Previous 6 months):	
4. GLRI Action Plan metric(s) accomplished and numerical progress during this reporting period:	
5. GLRI Action Plan metric(s) accomplished and numerical progress since project start (total complete to date):	
6. Percentage (estimate) of project work completed during this reporting period:	
7. Percentage (estimate) of project work completed since the project start (total complete to date):	
8. Is project work on schedule? If no, please explain.	
9. If a problem was encountered, describe the problem and action(s) taken to correct it.	
10. What work is projected during the next reporting period? (Next 6 months):	

Wisconsin Department of Natural Resources SWIMS Project Summary

Question	Answer
11. Will the project take longer than the approved project period? If so, have you requested an extension in writing to the grant coordinator?	
12. Amount expended this reporting period (can be approximate) If no amount expended, explain why.	
13. Is project invoicing/expenditures up to date? If invoicing is more than 3 months overdue, explain why.	
14. Were any significant changes (>10% of the total project amount) made to the project budget? If so, have you notified the grant coordinator in writing?	

Answer Set: Q3-2018

Question	Answer
1. Reporting Timeframe (Q1) (Q2) (Q3) (Q4):	Q3-2018 (July-Sept)
2. Amount expended this reporting period:	
3. Subcontracts or subgrants awarded this reporting period:	
4. QAPP (Project Plan) status:	
5. Local services and/or products purchased this reporting period:	
6. Number of jobs created this reporting period:	
7. Work accomplished this reporting period:	<p>Work Accomplished: Completed draft 9-Key element plan for the Pipe Creek Watershed and submitted to DNR for review; Submitted request to re-scope grant with EPA and shift grant funding efforts to the development of 9 key element planning through the Lake Winnebago Pool Lake Management Plan.</p> <p>Work in Progress: Waiting for comments from DNR on draft 9-key element plan for Pipe Creek Watershed; Met with Jessica Schultz from Fox Wolf Watershed Alliance to inventory information that is available to develop for the HUC 12s that will be included in the Lake Management 9-Key Element Planning efforts. Compiling data and running EVAAL for the HUC 12s included in the planning effort. Determining amount of Nutrient Management coverage in the HUC 12s for the use in determining baseline loadings.</p>
8. Work goals for coming reporting period:	Begin collection and compilation of watershed information for use in STEPL/Snap+ baseline loading assessment; Determine in the Taycheedah Creek Watershed; Analyze available Nutrient Management data for use in STEPL to determine baseline loadings in Taycheedah Creek Watershed; Coordinate additional 9-key element planning efforts with Fox-Wolf Watershed Alliance.
1. Reporting Timeframe Month/Year to Month/Year (Oct-Mar or Apr-Sept):	
2. Quality Documentation status (respond NA if not required):	
3. Describe work performed during this reporting period relating to the activities from the grant workplan (Previous 6 months):	
4. GLRI Action Plan metric(s) accomplished and numerical progress during this reporting period:	
5. GLRI Action Plan metric(s) accomplished and numerical progress since project start (total complete to date):	
6. Percentage (estimate) of project work completed during this reporting period:	
7. Percentage (estimate) of project work completed since the project start (total complete to date):	

Wisconsin Department of Natural Resources SWIMS Project Summary

Question	Answer
8. Is project work on schedule? If no, please explain.	
9. If a problem was encountered, describe the problem and action(s) taken to correct it.	
10. What work is projected during the next reporting period? (Next 6 months):	
11. Will the project take longer than the approved project period? If so, have you requested an extension in writing to the grant coordinator?	
12. Amount expended this reporting period (can be approximate) If no amount expended, explain why.	
13. Is project invoicing/expenditures up to date? If invoicing is more than 3 months overdue, explain why.	
14. Were any significant changes (>10% of the total project amount) made to the project budget? If so, have you notified the grant coordinator in writing?	

Answer Set: Q2-2018

Question	Answer
1. Reporting Timeframe (Q1) (Q2) (Q3) (Q4):	Q2-2018 (April-June)
2. Amount expended this reporting period:	
3. Subcontracts or subgrants awarded this reporting period:	
4. QAPP (Project Plan) status:	
5. Local services and/or products purchased this reporting period:	
6. Number of jobs created this reporting period:	
7. Work accomplished this reporting period:	<p>Work Accomplished: Mapped Nutrient Management Plan coverage in Pipe Creek Watershed; Compiled photos documenting runoff in the Pipe Creek Watershed for use in the 9KE plan. Preparation of STEPL data to determine baseline loading and potential reductions for Pipe Creek Watershed.</p> <p>Work in Progress: Continue contacting and meeting with farmers/landowners in Pipe Creek Watershed to identify any additional priority areas that should be identified in the 9 key element plan; Development of working draft of Pipe Creek Watershed Plan.</p>
8. Work goals for coming reporting period:	Begin collection and compilation of watershed information for the Taycheedah Creek Watershed for use in STEPL baseline loading assessment; Determine Nutrient Management coverage in the Taycheedah Creek Watershed; Analyze available Nutrient Management data for use in STEPL to determine baseline loadings in Taycheedah Creek Watershed; Conduct spring windshield survey of cropland information to determine estimates of cropland and gully erosion in the Taycheedah Creek Watershed; Contact and obtain data from MS4 municipalities in Taycheedah Creek Watershed.
1. Reporting Timeframe Month/Year to Month/Year (Oct-Mar or Apr-Sept):	
2. Quality Documentation status (respond NA if not required):	
3. Describe work performed during this reporting period relating to the activities from the grant workplan (Previous 6 months):	
4. GLRI Action Plan metric(s) accomplished and numerical progress during this reporting period:	
5. GLRI Action Plan metric(s) accomplished and numerical progress since project start (total complete to date):

Question	Answer
6. Percentage (estimate) of project work completed during this reporting period:	
7. Percentage (estimate) of project work completed since the project start (total complete to date):	
8. Is project work on schedule? If no, please explain.	
9. If a problem was encountered, describe the problem and action(s) taken to correct it.	
10. What work is projected during the next reporting period? (Next 6 months):	
11. Will the project take longer than the approved project period? If so, have you requested an extension in writing to the grant coordinator?	
12. Amount expended this reporting period (can be approximate) If no amount expended, explain why.	
13. Is project invoicing/expenditures up to date? If invoicing is more than 3 months overdue, explain why.	
14. Were any significant changes (>10% of the total project amount) made to the project budget? If so, have you notified the grant coordinator in writing?	

Answer Set: Q1-2018

Question	Answer
1. Reporting Timeframe (Q1) (Q2) (Q3) (Q4):	Q1-2018 (Jan-March 2018)
2. Amount expended this reporting period:	\$7,957
3. Subcontracts or subgrants awarded this reporting period:	
4. QAPP (Project Plan) status:	N/A
5. Local services and/or products purchased this reporting period:	
6. Number of jobs created this reporting period:	
7. Work accomplished this reporting period:	<p>Work Accomplished: Mapped Nutrient Management Plan coverage in Pipe Creek Watershed; Compiled photos documenting runoff in the Pipe Creek Watershed for use in the in the 9KE plan; met with DNR staff on Feb 2 regarding 9KE plan and STEPL.</p> <p>Work in Progress: Contacting and meeting with farmers in Pipe Creek Watershed to identify priority areas for streambank and gully protection utilizing in-field inventory and GIS aerial photo data. Preparation of STEPL data to determine baseline loading and potential reductions for Pipe Creek Watershed. Meet with DNR staff to develop continued monitoring strategy.</p>
8. Work goals for coming reporting period:	Complete STEPL loading and estimated reductions from BMP's for Pipe Creek Watershed. Complete working draft of Pipe Creek Watershed Plan. Begin collection and compilation of watershed information for the Taycheedah Creek Watershed for use in STEPL baseline loading assessment. Determine Nutrient Management coverage in the Taycheedah Creek Watershed. Analyze available Nutrient Management data for use in STEPL to determine baseline loadings in Taycheedah Creek Watershed. Conduct spring windshield survey of cropland information to determine estimates of cropland and gully erosion in the Taycheedah Creek Watershed. Contact and obtain data from MS4 municipalities in Taycheedah Creek Watershed.
1. Reporting Timeframe Month/Year to Month/Year (Oct-Mar or Apr-Sept):	

**Wisconsin Department of Natural Resources
SWIMS Project Summary**

Question	Answer
2. Quality Documentation status (respond NA if not required):	
3. Describe work performed during this reporting period relating to the activities from the grant workplan (Previous 6 months):	
4. GLRI Action Plan metric(s) accomplished and numerical progress during this reporting period:	
5. GLRI Action Plan metric(s) accomplished and numerical progress since project start (total complete to date):	
6. Percentage (estimate) of project work completed during this reporting period:	
7. Percentage (estimate) of project work completed since the project start (total complete to date):	
8. Is project work on schedule? If no, please explain.	
9. If a problem was encountered, describe the problem and action(s) taken to correct it.	
10. What work is projected during the next reporting period? (Next 6 months):	
11. Will the project take longer than the approved project period? If so, have you requested an extension in writing to the grant coordinator?	
12. Amount expended this reporting period (can be approximate) If no amount expended, explain why.	
13. Is project invoicing/expenditures up to date? If invoicing is more than 3 months overdue, explain why.	
14. Were any significant changes (>10% of the total project amount) made to the project budget? If so, have you notified the grant coordinator in writing?	

Wisconsin Department of Natural Resources SWIMS Project Summary

Answer Set: DEFAULT

Question	Answer
1. Reporting Timeframe (Q1) (Q2) (Q3) (Q4):	
2. Amount expended this reporting period:	
3. Subcontracts or subgrants awarded this reporting period:	
4. QAPP (Project Plan) status:	
5. Local services and/or products purchased this reporting period:	
6. Number of jobs created this reporting period:	
7. Work accomplished this reporting period:	
8. Work goals for coming reporting period:	
1. Reporting Timeframe Month/Year to Month/Year (Oct-Mar or Apr-Sept):	
2. Quality Documentation status (respond NA if not required):	
3. Describe work performed during this reporting period relating to the activities from the grant workplan (Previous 6 months):	
4. GLRI Action Plan metric(s) accomplished and numerical progress during this reporting period:	
5. GLRI Action Plan metric(s) accomplished and numerical progress since project start (total complete to date):	
6. Percentage (estimate) of project work completed during this reporting period:	
7. Percentage (estimate) of project work completed since the project start (total complete to date):	
8. Is project work on schedule? If no, please explain.	
9. If a problem was encountered, describe the problem and action(s) taken to correct it.	
10. What work is projected during the next reporting period? (Next 6 months):	
11. Will the project take longer than the approved project period? If so, have you requested an extension in writing to the grant coordinator?	
12. Amount expended this reporting period (can be approximate) If no amount expended, explain why.	
13. Is project invoicing/expenditures up to date? If invoicing is more than 3 months overdue, explain why.	
14. Were any significant changes (>10% of the total project amount) made to the project budget? If so, have you notified the grant coordinator in writing?
