

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: LPL164918

Name: TOWN OF SAINT JOSEPH: Bass Lake Groundwater Withdrawal Feasibility Study

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

Start Date: 2/15/2018

End Date: 12/31/2018

Purpose: Purpose: The Town of St Joseph is sponsoring a project to complete a feasibility study to determine options, cost estimates for each option and an overall project recommendation for a system that will allow the Town and Rehabilitation District to obtain the necessary DNR permit to lower the lake level through groundwater withdrawal.

Project activities include: Feasibility analysis of pulling groundwater to lower surface water levels on Bass Lake. Feasibility study team meetings.

Project deliverables: All data collected, all outreach and event materials, agendas and minutes from advisory committee and feasibility team meetings. Feasibility Study final report.

Special conditions: WDNR Lakes Management Coordinator will be provided with an electronic (pdf or word) copy of all data and maps from the project. This scope summarizes the project detail provided in the application and does not negate tasks/deliverables described therein. Data, records, and reports, including GIS-based maps, and digital images, must be submitted to the Department in a format specified by the regional Lakes Coordinator.

Objective:

Comments: Grantee is TOWN OF SAINT JOSEPH

Outcome:

Study Design:

QA Measures:
