

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: AEPP-092-07

Name: BIG WOOD LAKE ASSOCIATION, INC.: Big Wood Lake 2007 AIS Education Project

Type: Aquatic Invasives Grant

Subtype: Aquatic Invasives Education

Status: COMPLETE

Start Date: 4/1/2007

End Date: 12/31/2007

Purpose: The Big Wood Lake Association is sponsoring an AIS prevention and education project including public education of boaters during boat launches, boat inspections, riparian and in-lake aquatic AIS inspections. Bimonthly aquatic plant surveys will be performed via scuba inspections of critical areas (boat ramp and both inflow areas) with suspected invasive aquatic macrophyte samples sent to a herbarium for identification. Property owners will conduct shoreline surveys for AIS.

Deliverables include: 1) Training session and workshop agendas. 2) Aquatic plant survey results including graphs and maps from scuba inspections and riparian inspections. 3) Examples of articles, newsletters, and other AIS related materials generated or paid for by this grant.

Special conditions for this project: The project sponsor shall immediately contact proper DNR authorities in the event of a new aquatic invasive species infestation.

This scope is intended to summarize the detailed scope provided in the grant application and does not supersede grant application specifics. Data, records, and reports, including GIS-based maps and digital images, must be submitted to the Department in a format specified by the regional Lake Coordinator. If a consultant is to provide final report, it is recommended that Grantee provide DNR Lake Coordinator with a draft for comment prior to making final payment to the consultant.

DNR to receive both paper and electronic copies of the final report

Objective:

Comments: Grantee is BIG WOOD LAKE ASSOCIATION, INC.

Outcome:
