

## Wisconsin Department of Natural Resources SWIMS Project Summary

### General Project Information

**Project ID:** RP-151-08

**Name:** PHANTOM LAKE MANAGEMENT DISTRICT: Planning for Mukwonago & Lower River Basin

**Type:** River Grant

**Subtype:** River Planning Grant

**Status:** COMPLETE

**Start Date:** 7/1/2007

**End Date:** 12/31/2009

**Purpose:** This is part of a multi phased program to gather information, assess, response and determine how best to coordinate and cooperate on projects with Phantom Lakes Management District, Lake Beulah , Eagle Springs Management Districts, The Nature Conservancy and Friends of the Mukwonago River. This project will also result in a stream protection plan, data, information and analyses of the upper reaches of the Mukwonago River. All of the data and information collected will included in a single comprehensive river protection plan. The results will also be communicated to the citizens through I&E programs of the Friends of the Mukwonago River, The Nature Conservancy and governmental meetings.

When the grant is complete, the Department will look for every single deliverable, even minor ones, and if they are not adequately addressed, only partial reimbursement (at the department's discretion) will be made to the applicant. A full description of the project scope and deliverables is available in the grant application, which is part of this agreement. The DNR will be provided with two paper copies and an electronic copy of the final report which entails all the items in the project description. Information will be disseminated to the public as described in the grant application.
