

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: AEPP58119

Name: TOWN OF PRESQUE ISLE: Wilderness Waters: Annabelle, Anne, Red Bass, & VanVliet Lks

Type: Aquatic Invasives Grant

Subtype: Aquatic Invasives Education

Status: COMPLETE

Start Date: 2/15/2019

End Date: 12/31/2022

Purpose: The Town of Presque Isle is sponsoring an AEPP grant to study Annabelle, Anne, Red Bass, and VanVliet Lakes, in Vilas County, with a study completion date of June 30, 2021. The project will focus on developing Lake Management Plans (LMP \2019s).

Activities:

- 1) Gather and assess existing lake info
- 2) PI aquatic plant survey, community and substrate mapping and analysis
- 3) Shoreland assessment
- 4) Water quality assessment
- 5) Professional and volunteer AIS monitoring
- 6) Educational program \2013 meetings and \201Cfloating\201D workshop
- 7) Watercraft inspections
- 8) Develop LMP\2019s

Project deliverables include:

- 1) PI, AIS water quality, and shoreland habitat data
- 2) Aquatic plant community and substrate maps
- 3) Aquatic plant vouchers
- 4) Education materials
- 5) Entered inspection data
- 6) Lake Management Plans

Specific project conditions:

- LMP\2019s need Dept review and approval

WDNR Lakes Management Coordinator will be provided with an electronic (pdf or word) copy of LMP\2019s, PI, AIS, and shoreland habitat data, a set of aquatic plant vouchers, all maps from project, and all GIS data.

Objective:

Comments: Grantee is TOWN OF PRESQUE ISLE

Wisconsin Department of Natural Resources SWIMS Project Summary

Title	Description	Author	Published	Comments
Presque Isle Wilderness Waters Program Aquatic Plant Management Plan - Annabelle Lake	This aquatic plant management plan addresses Annabelle Lake. Despite this specificity, it maintains the waterscape perspective crucial to effective lake stewardship. This is especially important when it comes to preventing introduction and establishment of aquatic invasive species (AIS).	White Water Associates, Inc.	1/1/2021	
Presque Isle Wilderness Waters Program Aquatic Plant Management Plan - Anne Lake	This aquatic plant management plan (APMP) addresses Anne Lake in Vilas County, Wisconsin. Despite this specificity, it maintains the waterscape perspective crucial to effective lake stewardship. This is especially important when it comes to preventing introduction and establishment of aquatic invasive species (AIS).	White Water Associates, Inc.	1/1/2021	
Presque Isle Wilderness Waters Program Aquatic Plant Management Plan - Red Bass Lake	This aquatic plant management plan (APMP) addresses Red Bass Lake in Vilas County, Wisconsin. Despite this specificity, it maintains the waterscape perspective crucial to effective lake stewardship. This is especially important when it comes to preventing introduction and establishment of aquatic invasive species (AIS).	White Water Associates, Inc.	1/1/2021	
Presque Isle Wilderness Waters Program Aquatic Plant Management Plan - Van Vliet Lake	This aquatic plant management plan addresses Van Vliet Lake. Despite this specificity, it maintains the waterscape perspective crucial to effective lake stewardship. Wisconsin Department of Natural Resources SWIMS Project Summary

<p>The Wilderness Waters Adaptive Management Plan (Presque Isle Township, Vilas County, Wisconsin)</p>	<p>This Wilderness Waters Adaptive Management Plan began with a large-scale project funded by a Wisconsin Department of Natural Resources (WDNR) Aquatic Invasive Species Control Grant that was awarded in 2010. The project was sponsored by the Presque Isle Town Lakes Committee (PITLC). White Water Associates, Inc., an independent ecological consulting firm, was a consultant to the PITLC. This plan was last updated in 2019. As the name implies, this plan is intended to be adapted as new information becomes available, new needs are identified, and some information becomes dated.</p>	<p>White Water Associates, Inc.</p>	<p>3/1/2022</p>
