

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: LPL169019

Name: LAKE RIPLEY MANAGEMENT DISTRICT: Lake Ripley Comprehensive Management Plan Update

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

Start Date: 2/15/2019

End Date: 12/31/2020

Purpose: Lake Ripley Comprehensive Management Plan Update
 Lake Ripley Management District is sponsoring a project to get started on an update to their 2009 Lake Improvement Plan with the following goals: Compile past information and studies in preparation for an upcoming lake plan update, collect lake water quality data, monitor the inlet stream, complete watershed planning, conduct a public opinion survey, and educate the public through newsletter updates and public meetings throughout the grant. Project deliverables include all raw data collected entered into SWIMs database, a list of past studies to be considered in development of an updated plan, development, pre-testing and distribution of a public opinion survey; final report will include the articles published in newsletter and documentation of public meetings. Specific project conditions: A draft of the final report including appendices, in .pdf format, should be submitted for department comment prior to finalization; the public opinion survey must be reviewed and approved by the department before it is distributed.

This scope summarizes the project detail provided in the application and does not negate tasks/deliverables described therein. Data, records, and reports, including GIS-based maps, and digital images, must be submitted to the Department in a format specified by the regional Lake Biologist.

DNR to receive an electronic .pdf copy of the final report along with, or prior to submission of grantee's final payment request.

Objective:

Comments: Grantee is LAKE RIPLEY MANAGEMENT DISTRICT

Outcome:

Study Design:

QA Measures:
