

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: LPL169619

Name: LAKE REDSTONE PROTECTION DISTRICT: Lk Redstone 9-Key Element Planning 3-Phase Project - Phase 3

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

Start Date: 2/15/2019

End Date: 12/31/2021

Purpose: Lake Redstone Protection District is sponsoring a project to complete the 3rd of 3 phases planning for the lake focusing on Eurasian watermilfoil (EWM) management planning and completion of the 9-key-element plan with the following goals: EWM surveys and planning for 2019 and 2020, shoreline habitat assessment, collect additional water quality data, and complete the 9-key-element plan with county partners, including providing educational opportunities for the lake community and agricultural producers. Project deliverables include all raw data collected including excel plant point intercept data and GIS files; plant monitoring reports for surveyed bays, digitized land use coverage of 300\2019 nearshore area with calculated P loading chart; final 9-key-element plan that includes analysis of water quality with recommendations consistent with the Baraboo River project and Wisconsin River TMDL; materials generated from educational events, lists of participants and assessment of event effectiveness. Specific project conditions: A draft of the final report including appendices, in .pdf format, should be submitted for department comment prior to finalization.

This scope summarizes the project detail provided in the application and does not negate tasks/deliverables described therein. Data, records, and reports, including GIS-based maps, and digital images, must be submitted to the Department in a format specified by the regional Lake Biologist.

If consultant is to provide final report, it is recommended that Grantee provide DNR Lake Coordinator with a draft for comment on report adequacy prior to making final payment to the consultant. It is recommended this be submitted 60 days prior to the desired final approval date to give adequate time for adjustments due to the size and complexity of this project. DNR to receive an electronic .pdf copy of the final report along with, or prior to submission of grantee's final payment request.

Objective:
