

## Wisconsin Department of Natural Resources SWIMS Project Summary

### General Project Information

**Project ID:** RP-148-08

**Name:** VILLAGE OF MUSCODA: Balmoral Dam Removal & Mill Creek Restoration

**Type:** River Grant

**Subtype:** River Planning Grant

**Status:** COMPLETE

**Start Date:** 7/1/2007

**End Date:** 12/31/2009

**Purpose:** This project will provide necessary planning and educational/partnership activities for the removal of Balmoral Dam. Eventual restoration of the a section of Mill Creek will happen to allow for fish migration both upstream and downstream.

Please note: Final report deliverables help us ensure that the grant has been satisfactorily completed, and that state dollars are being spent wisely. Every deliverable, no matter how minor, must be completed in order to receive full reimbursement for the state share of costs. Ranking questions used to obtain this award, and specific deliverables mentioned in your grant description, constitute final report deliverables. If any deliverable is not adequately provided in the final report, only partial reimbursement, at the department's discretion, will be made. The only exception will be if there is a well-justified and department-approved scope amendment. If you have any question about what a specific ranking question or other deliverable means, please contact your river coordinator BEFORE you sign this agreement.

**Objective:**

**Comments:** Grantee is VILLAGE OF MUSCODA

**Outcome:**

**Study Design:**

**QA Measures:**
