SWIMS Project Summary

General Project Information

Project ID: RP-140-08

Name: SOUTHWEST BADGER R C & D: Friends of the Platte River

Type: River Grant

Subtype: River Planning Grant

Status: COMPLETE

Start Date: 7/1/2007

End Date: 6/30/2009

Purpose: The main goal of this project is to solidify and expand the Friends of the Platte River group. Objectives include: 1) membership expansion; 2) increasing public awareness and providing education through various media; and 3) participation in a formal organization assessment.

Please note: Final report deliverables help us ensure that the grant has been satisfactorily completed, and that state dollars are being spent wisely. Every deliverable, no matter how minor, must be completed in order to receive full reimbursement for the state share of costs. Ranking questions used to obtain this award, and specific deliverables mentioned in your grant description, constitute final report deliverables. If any deliverable is not adequately provided in the final report, only partial reimbursement, at the department's discretion, will be made. The only exception will be if there is a well-justified and department-approved scope amendment. If you have any question about what a specific ranking question or other deliverable means, please contact your river coordinator BEFORE you sign this agreement.
