

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: SPL-148-08

Name: LONG LAKE PRESERVATION ASSOCIATION: Long Lake Rain Garden Calendar

Type: Lakes Grant

Subtype: Small Scale Lake Planning

Status: COMPLETE

Start Date: 10/1/2007

End Date: 12/31/2008

Purpose: Long Lake Preservation Association is sponsoring an information and education outreach project about structural best management practices to protect water quality. The primary BMP addressed will be rain gardens. I & E tools will include newsletters, webpage updates, and a watershed stewardship calendar about rain gardens.

Specific deliverables for this project include paper and electronic copies of newsletters, webpage updates, and the calendar.

All electronic files (electronic design, images and graphics captured on electronic media), art, original graphics, and photos, etc., developed are state property. All art is considered "work for hire" except those pieces specifically contracted as "one-time use" or "first-time" use. The Department reserves the right from contractors and subcontractors to use design, layout, art graphics and photos in electronic formats and websites. The Department reserves the right to request final electronic files used to produce any or all elements of the publications.

This scope is intended to summarize the detailed project scope provided in the application and does not supersede those application tasks/deliverables.
