

Wisconsin Department of Natural Resources
SWIMS Project Summary

General Project Information

Project ID: LPL-1212-08

Name: TOWN OF EATON: Lily Lake Watershed & Water Quality Study Ph 3

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

Start Date: 4/1/2008

End Date: 12/31/2009

Purpose: The Town of Eaton proposes to continue their comprehensive lake management plan development in this Phase 3 of the project. They will compile all the data from phase I and II into a comprehensive lake management plan for Lilly Lake. Specifics include the following:

1. Summarize and analyze phase 1,2 appraisals

2. Conduct public participation process

3. Develop strategies for implementation

4. Develop final plan

Objective:

Comments: Grantee is TOWN OF EATON

Outcome:

Study Design:

Lily Lake Comprehensive Lake Management Plan Phase 3	The Lily Lake Comprehensive Management Plan has been compiled as the final component in the planning process for the Lily Lake, Middle Lake, and Third Lake watersheds. Since Lily Lake is the most predominantly utilized lake, the majority of the report focuses on data gathered on Lily Lake itself. Both Middle Lake and Third Lakes have limited access as they are surrounded by an expansive wetland. Third Lake is predominantly held within private ownership.	Brown County Planning Commission	11/23/2009
