

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: SPL-168-08

Name: BARNES/EAU CLAIRE LAKES AREA PROPERTY OWNERS: Dissolved Oxygen Monitoring on the Barnes Area/Eau Claire Lakes Grant

Type: Lakes Grant

Subtype: Small Scale Lake Planning

Status: COMPLETE

Start Date: 4/1/2008

End Date: 12/31/2008

Purpose: The Barnes-Eau Claire Property Owners Association is purchasing a temperature/dissolved oxygen (DO) meter to be used by several lakes included in the association to record full lake profiles of both of these parameters. More accurate and credible information will result from purchase of this meter. The specific meter purchased must be approved by the WI-DNR Lakes Program before reimbursement can take place. All DO and temperature information collected as a part of the Citizen Lake Monitoring Network must be entered into Wisconsin's Surface Water Inventory Management System (SWIMS) for as long as the given body of water is officially part of this program. Data entered into SWIMS is available to any who wish to access it.

Objective:

Comments: Grantee is BARNES/EAU CLAIRE LAKES AREA PROPERTY OWNERS

Outcome:

Study Design:
