AEPP-107-08 FINAL REPORT	Final report for AEPP-107-08, Regional AIS Specialist	Paul Skawinski	1/6/2010	
Aquatic Invasive Species grant # AEPP-107-08	Workshops: CLMN-AIS and CBCW workshops were provided by the Regional AIS Specialist (Amy Thorstenson) and the Regional AIS Technician (Paul Skawinski). These workshops were held at Pleasant Lake (July 11th-Amy), Little Hills Lake (July 25th-Amy and Paul), and Round Lake (August 19th-Paul) (all Waushara County) in 2008. Patrick Nehring from UW-Extension assisted with the Pleasant Lake and Little Hills Lake workshops. An additional aquatic plant monitoring workshop was requested for July 26th by the Lake Helen Protection & Rehabilitation District, Portage County. Attendance at the workshops was as follows: 11 at Pleasant Lake, 5 at Round Lake, 6 at Little Hills Lake, and 9 at Lake Helen. During the workshop at Lake Helen (Paul), Eurasian watermilfoil was discovered for the first time. During the next few weeks, quick action by RC&D and several Lake Helen residents prevented the spread of the EWM, and allowed for control of the small patch of EWM. Currently, the EWM still has not spread beyond this area, and is being actively monitored and pulled by volunteer lake monitors.	Paul Skawinski	12/31/2009
