

## Wisconsin Department of Natural Resources SWIMS Project Summary

### General Project Information

**Project ID:** LPT-334-09

**Name:** ENGLISH LAKE MANAGEMENT DISTRICT: RES-English Lake Northern Buffer Strip Project

**Type:** Lakes Grant

**Subtype:** Lake Protection Grant

**Status:** COMPLETE

**Start Date:** 9/1/2008

**End Date:** 12/31/2012

**Purpose:** English Lake P&R District proposes to restore ecological functionality on approximately 9 acres of land located on the north end of English lake. The objectives include establishing an oak savannah type of upland drainage area on old farmland., restoring wetland functions to a wooded ephemeral wetland, and integrate the project site with educational initiatives while partnering with Manitowoc Co Soil and Water Conservation, and Manitowoc County Lakes Association. The project will include: bio-log installation around key drainage points on the perimeter of the wooded wetland (approx 5 acres); revegetation of all agricultural land (approx 4 acres) utilizing native seed, shrub, and tree planting; appraisal of forested wetland plant community; and establish an I&E initiative with local partners for promotion of the best management practices being employed at the buffer site

At the conclusion of the project installation and integration, the sponsor will provide a report detailing the methods and results.

**Objective:**

**Comments:** Grantee is ENGLISH LAKE MANAGEMENT DISTRICT
