

Wisconsin Department of Natural Resources
SWIMS Project Summary

General Project Information

Project ID:

RP-171-09

Name:

RIVER REVITALIZATION FOUNDATION: River Revitalization Southbranch Creek Restoration

Type:

River Grant

Subtype:

River Planning Grant

Status:

COMPLETE

Start Date:

7/1/2008

End Date:

6/30/2009

Purpose:

Partner with Village of Brown Deer, Milwaukee County, We Energies, WI DOT and WDNR with assistance from a costal grant to restore wetlands, improve flood storage, stabilize 500 feet of creek bed and bank erosion. Continue funding for public outreach staff person to assist with volunteer building and conducting habitat restoration.

This project would include: 1) Restoration of 500' of Southbranch Creek. 2) Funding to continue Public Outreach staff employment. 3) Coordinate public outreach, train supervisor and direct hands-on habitat management using volunteers and business community. 4) Public education, field trips, and hands-on restoration. 5) Train volunteers in methods of water quality monitoring and provide educational workshops. 6) Build network of community businesses and organizations to raise contributions and engage volunteers.

A final report incorporating all of the project deliverables will be provided. The Department will require 2 hard copies and one electronic version of the report.
