

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: LPL177821

Name: BEAVER LAKE ASSOCIATION: Beaver Lake Aquatic Plant Survey

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

Start Date: 3/15/2021

End Date: 12/31/2021

Purpose: Project Scope and Description of Deliverables (CAOS-2000 Character Limit)

Beaver Lake Association is sponsoring a study to understand how dramatically fluctuating lake levels and other contributing factors may contribute to the excessive growth of bladderwort with possibilities for mitigation.

Project final deliverables include:

1. Final Report summarizing accomplishments/progress of the grant including all data collected, point intercept plant survey results, lake condition analysis, maps, proposed mitigation, and outreach activities including meeting agendas and minutes.
2. Financial Payment Request with documentation of grant administration time and services, contributions, financial match, proof of payment of expenditures, and organizations providing financial support.
3. Electronic copies of reports are to be submitted.
4. Any additional related materials generated or paid for by this grant.

Specific project activities include:

This project will assess aquatic plant presence, lake conditions and contributing factors to aquatic plant growth. Based on these studies, treatment feasibility and recommendations will be generated. Findings will be factored in future management plans.

Special Conditions: Results from this Phase I study will inform future efforts to manage aquatic species.

This scope summarizes the project detail provided in the application and does not negate tasks/deliverables described therein. Data, records, and reports, including GIS-based maps, and digital images, must be submitted to the Department in a format specified by the regional Lake Biologist.

If consultant is to provide final report, it is recommended that Grantee provide DNR Lake Coordinator with a draft for comment on report adequacy prior to making final payment to the consultant. DNR to receive both paper and electronic .pdf copies of the final report along with, or prior to submission of grantee's final payment request.

Objective:

Comments: Grantee is BEAVER LAKE ASSOCIATION
