SWIMS Project Summary

General Project Information

Project ID: LPL178421

Name: DIAMOND-LAKERS INC: SWE-Point Intercept Macrophyte Survey of Diamond Lake

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: COMPLETE

Start Date: 3/15/2021

End Date: 12/31/2022

Purpose: Diamond-Lakers Inc are sponsoring a point-intercept macrophyte survey of Diamond Lake which will be used to characterize the aquatic plant community and evaluate the presence of aquatic invasive species. Results will be used to educate the lake-user community about the importance of stopping AIS spread and a first step toward creating a comprehensive management plan for Diamond Lake.

Project final deliverables include:

- 1. Final Report summarizing accomplishments/progress of the grant including all data collected, maps, outreach activities including agendas and minutes for planning meetings, and mailings.
- 2. Financial Payment Request with documentation of grant administration time and services, contributions, financial match, proof of payment of expenditures, and organizations providing financial support.
- 3. Electronic copies of reports are to be submitted.
- 4. Any additional related materials generated or paid for by this grant.

Specific project activities include:

This project will include an initial point-intercept macrophyte survey as a starting point for creating a comprehensive plan for future action to prevent the spread of AIS. We will also use the knowledge gained from the survey to educate our lake community and the public in understanding AIS and the significant threats AIS present

Special Conditions: None

This scope summarizes the project detail provided in the application and does not negate tasks/deliverables described therein. Data, records, and reports, including GIS-based maps, and digital images, must be submitted to the Department in a format specified by the regional Lake Biologist.

If consultant is to provide final report, it is recommended that Grantee provide DNR Lake Coordinator with a draft for comment on report adequacy prior to making final payment to the consultant. DNR to receive both paper and electronic .pdf copies of the final report along with, or prior to submission of grantee's final payment request.
