

Wisconsin Department of Natural Resources
SWIMS Project Summary

General Project Information

Project ID: AEPP-178-09

Name: DUMMY LAKE MANAGEMENT DISTRICT: Dummy Lakes Aquatic Plant Management Plan

Type: Aquatic Invasives Grant

Subtype: Aquatic Invasives Education

Status: COMPLETE

Start Date: 10/1/2008

End Date: 6/30/2010

Purpose: The Dummy Lakes Management District is sponsoring a project to develop an Aquatic Plant Management Plan and implement a CB/CW program for Big Dummy and Little Dummy Lakes. This project includes hiring a consultant to perform a point intercept survey of Little Dummy Lake and develop the aquatic plant management plan.

Activities include: Implement a CBCW program on lakes, Aquatic Plant Survey, Waterfront Property Owners Survey, and development on an Aquatic Plant Management Plan (APM).

Deliverables include a paper and electronic copy of comprehensive Report including: 1) Final Report including watercraft inspection report detailing total time and number of people reached, Big and Little Dummy aquatic plant survey results using the point intercept method including maps, Waterfront Property Owners Survey report detailing results, total time and people reached; 2) Watercraft inspection report including time & number of people reached; CB/CW survey results with results entered into the CB/CW database; 3) Copy of materials sent in mailings; 4) An Aquatic Plant Management Plan that integrates watershed, water quality, and fisheries components; 5) AIS related materials generated or paid for by this grant.

Special conditions: The sponsor shall immediately contact the DNR if a new aquatic invasive species infestation is found. WDNR's Aquatic Plant Management in Wisconsin guidance should be followed for point-intercept survey monitoring and aquatic plant management plan development. Draft public surveys should be reviewed by the Department before distribution.

This scope summarizes the scope provided in the grant application and does not supersede the application specifics. Data, records, and reports, including GIS-based maps and digital images, must be submitted to the Department in a format specified by the regional Lake Coordinator. If consultant is to provide final report, it is recommended that Grantee provide DNR Lake Coordinator with a draft.

Objective:

Comments: Grantee is DUMMY LAKE MANAGEMENT DISTRICT
