

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: ACEI29322

Name: TOMAHAWK LAKE ASSOCIATION: Tomahawk Lake EWM Management & Control Project

Type: Aquatic Invasives Grant

Subtype: Aquatic Invasives Control

Status: COMPLETE

Start Date: 3/15/2022

End Date: 12/31/2024

Purpose: Project Scope and Description of Deliverables

The Tomahawk Lake Association (TLA) is sponsoring a project to implement approved Eurasian watermilfoil (EWM) control activities from their aquatic plant management plan.

Project final deliverables include:

- 1) EWM management and associated reporting;
- 2) Data from EWM and aquatic plant surveys;
- 3) An online EWM management and mapping application;
- 4) Annual and final AIS monitoring and control strategy reports.

Specific project activities include:

- 1) EWM control with mechanical harvesting;
- 2) Late season bed mapping surveys (for EWM);
- 3) Volunteer EWM height and control longevity monitoring;
- 4) Aquatic plant point-intercept surveys (to evaluate large-scale mechanical harvesting);
- 5) Hosting an online EWM management and mapping application;
- 6) Annual and final AIS strategy assessment reports summarizing EWM management and monitoring during project and future EWM management direction.

Special Conditions: DNR is to receive copies of the final report along with, or prior to submission of grantee's final payment request. It is recommended that Grantee provide DNR Lake Coordinator with a draft of the final report for comment on report adequacy prior to making final payment to the consultant.

It is strongly recommended that an annual management strategy meeting be held each winter with DNR to discuss EWM management for the next year before aquatic plant management permit applications are submitted.

This scope summarizes the project detail provided in the application and does not negate tasks/deliverables described therein. Data, records, and reports, including GIS-based maps, and digital images, must be submitted to the Department in a format specified by the regional Lake Biologist.

Objective:

Comments: Grantee is TOMAHAWK LAKE ASSOCIATION
