

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: ARRA_Project10 WTDJ

Name: ARRA 10 St. Croix Planning Position Grant 2P-00E73201

Type: Grant Project

Subtype: ARRA Pass Through Project

Status: COMPLETE

Start Date: 2/8/2010

End Date: 6/30/2011

Purpose: Lake St. Croix Contract - Lake St. Croix TMDL implementation plan and plan coordinator funding; contract with Minnesota Pollution Control Agency.

Objective: Lake St. Croix is proposed for 303(d) listing by both Minnesota and Wisconsin. MPCA has hired a contractor to write a TMDL plan (basin-wide in both states), and is seeking funding for development of an Implementation Plan. Funding is being sought through this source to cover Wisconsin's share of the Implementation Plan development costs. The TMDL and Implementation Plan are needed to achieve the objectives of the St. Croix Nutrient Reduction Agreement to reduce phosphorus inputs to Lake St. Croix (signed by Wis. DNR and MPCA for both states in 2006).

Nutrient addition is the number one threat to the St. Croix Basin and Lake St. Croix. Developing the TMDL Implementation plan will set the framework for imposing point and non-point controls to stop the eutrophication of Lake St. Croix, as well as improving the main stem, tributaries, and lakes within the basin in both Minnesota and Wisconsin.

Comments: DUNS #: _____
CCR#: _____
Total project award: \$40,000

Outcome:

- o Lake St. Croix TMDL Implementation Plan, developed with stakeholder input.
- o Area-wide Water Quality Management Plan amendment.
- o Mass cap limits for phosphorus to be placed in WPDES permits.
- o Road map for achieving non-point source reductions needed to achieve the TMDL goals.

Project Statuses

Date	Reported By	Status	Comments
4/5/2010	Denise Leezer	Progress: 0-25% Complete	Currently in the process of developing a workplan for use in hiring a consultant to perform tasks associated with the preparation of the Lake St Croix TMDL Implementation Plan.

Wisconsin Department of Natural Resources SWIMS Project Summary

6/15/2010	Denise Leezer	Progress: 0-25% Complete	After initial discussions, it has been determined that the amount of the ARRA grant will successfully complete phase 1 of the Lake St Croix TMDL Implementation planning stakeholder process. In order to have the highest likelihood for successfully achieving the needed phosphorous reductions, a larger basin-wide stakeholder process will be critical for identifying priority reduction activities and establishing local partnerships. Phase 1 will be used for developing a stakeholder participation strategy, a communications plan and education and outreach to work group members to better prepare them for decision-making as well as team development. In addition, the MPCA will contribute the additional funds needed for Phase 2; to be used for working with stakeholders to develop the elements of a complete Lake St Croix TMDL Implementation Plan. MPCA will be submitting a contract amendment request with revised scope of work and timeline.
9/30/2010	Denise Leezer	Progress: 0-25% Complete	Processing contract amendment to alter scope of work and extend the deadline to May/2011.
1/11/2011	Denise Leezer	Progress: 0-25% Complete	The MPCA and WDNR meet with the consultant to introduce themselves to the group and to develop a understanding of what each group is looking for from their work. The consultant then reviewed the Draft TMDL and each state's implementation plan requirements. A survey was then sent out to members of the St. Croix Basin team to understand each person's role and to obtain information about who is missing and who else should be involved in developing the Implementation Plan.
3/22/2011	Lisa Helmuth	Active	Delay possibly related to issues with hiring contractors. Extended final date through June 30th and on target to be finished at that time. (Requested a 2 month extension)
4/21/2011	Denise Leezer	Progress: 50-75% Complete	The consultant has completed Tasks 1-3 of their workplan. They have begun to interview key stakeholders in the basin to discuss how best to engage and inform them. As this information is collected the consultant is developing a draft of their engagement and communication plan. They are currently 45% complete with this task. The final report is also being developed as information is collected. The next steps are to finish the Key stakeholder meetings, develop the draft report, and integrate the approved information into the final report.
8/1/2011	Denise Leezer	Progress: 75-100% Complete	Overall, most of the work on the Final Report is complete. However, both the MPCA and the WDNR staff have concerns regarding the report and if it has addressed all of the details listed in the workplan. At this time the MPCA is working with the consultant to clear up these issues and finish the report.
8/10/2011	Denise Leezer	Complete	On August 8th, the consultant responded to comments the MPCA, WDNR, and the Basin Team had on the report. It was decided that they have addressed all of the tasks required of them in their workplan, and a final payment has been made. The Final Lake St. Croix Stakeholder Engagement Strategy and communication plan has been received. After some internal formatting it will be posted on the MPCA, St. Croix Basin Webpage.

Wisconsin Department of Natural Resources
SWIMS Project Summary

Project Status Detail	
Answer Set: DEFAULT	
Question	Answer
1. Reporting Timeframe (Q1 (Oct-Dec), Q2 (Jan-Mar), Q3 (Apr-June), Q4 (July-Sept):	Q3
2. Amount expended this time period:	\$17978.00 This closes out the contract and agreement
3. Subcontracts or subgrants awarded this period:	None
4. Number work hours created or maintained to date:	156
5. Work accomplished this reporting period:	During the third quarter, the consultant worked on meeting with key stakeholders in task 4, developed a final draft report for Task 5, held a final core team meeting for task 6, and worked on final reports for task 7 and 8.
6. Work goals for coming reporting period:	While the project should have been complete by May 30th, there are concerns by the MPCA and WDNR that some items in Task 5, Task 7, and Task 8 that were not fully addressed. Currently both groups are in talks with the consultant to address these concerns, and are holding any final payments until these issues are addressed. The goals for the next reporting period are to receive a complete and approvable report from the consultant. This will hopefully be addressed before the end of the next quarter.
7. Overall project status:	Active
8. WDNR Question: Job equivalent Created

Lake St. Croix TMDL Stakeholder Engagement Strategy and Communication Plan	The Stakeholder Strategy and Communication Plan describes people's response on how they view their engagement in the TMDL process for Lake St. Croix and outlines what may be the challenges for implementing the TMDL. It also helps understand what everyone's role in the St. Croix Basin is, and who they should be working with as activities to reduce nutrients move forward.	Bonestroo and CR Planning	5/30/2011
