## **Wisconsin Department of Natural Resources SWIMS Project Summary**

## **General Project Information**

Project ID: LPL184223

LONG LAKE PRESERVATION ASSOCIATION: COMP - Long Lake Comprehensive Lake Management Plan Name:

Type: Lakes Grant

Subtype: Large Scale Lake Planning

Status: **COMPLETE** 

Start Date: 3/15/2023 **End Date:** 12/31/2024

Long Lake Preservation Association is sponsoring a project to complete a Comprehensive Lake Management Plan. Purpose:

> Specific project activities include: 1) shoreland habitat assessment; 2) social survey; 3) Healthy Lakes & Rivers outreach/recruitment; 4) capacity building and community engagement events; and 5) comprehensive management planning and reporting.

> Project final deliverables include: all data collected, agendas and minutes for planning meetings, and a Comprehensive Lake Management Plan that includes methodologies, results, and management alternatives discussion with an implementation plan.

Special Conditions: 1) CLMN efforts should not be duplicated, and these data shall be included in the trends analysis and final reporting; 2) All data shall be entered into the SWIMS database; 3) Draft user surveys must be reviewed and approved by the Department before being initiated; 4) Shoreland monitoring shall follow DNR approved protocols.

If consultant is to provide final report, it is recommended that Grantee provide DNR Lake Coordinator with a draft for comment on report adequacy prior to making final payment to the consultant. DNR to receive both paper and electronic .pdf copies of the final report along with, or prior to submission of grantee's final payment request.

This scope summarizes the project detail provided in the application and does not negate tasks/deliverables described therein. Data, records, and reports, including GIS-based maps, and digital images, must be submitted to the Department in a format specified by the regional Lake Biologist.

Objective:

Comments: Grantee is LONG LAKE PRESERVATION ASSOCIATION

**Outcome:**
