

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: AEPP78224

Name: THREE LAKES WATERFRONT ASSOCIATION: Three Lakes Chain Env. Monit. Ph V - Data & Reporting

Type: Aquatic Invasives Grant

Subtype: Aquatic Invasives Education

Status: ACTIVE

Start Date: 3/15/2024

End Date: 12/31/2025

Purpose: The Three Lakes Waterfront Association (TLWA) is sponsoring a project which will focus on updating water quality, aquatic plant, and aquatic invasive species (AIS) information on multiple lakes as part of their Lake Management Plan (LMP). This phase of the project will pay for data analysis, reporting of the data collected, and a presentation to the lake association. This is expected to be part of Phase 5 of 8 with the remaining lakes in the Chain to follow in subsequent projects.

Activities:

- 1) Report on water quality, aquatic plant, and AIS surveys;
- 2) Present findings to lake association.

Deliverables:

- 1) Data from water quality monitoring, aquatic plant surveys, and AIS monitoring;
- 2) An annual project report.

Conditions:

- 1) WDNR Lake Biologist will be provided with an electronic copy of reports; data from monitoring and surveys; all maps and GIS data from project.
- 2) The data for temperature/dissolved oxygen profiles, Secchi depths, and yellow iris/purple loosestrife monitoring and biocontrol should be entered into the SWIMS database under this grant project (unless another partner such as the CLMN volunteer or Oneida County is already entering the data).

This scope summarizes details provided in the application and does not negate tasks and/or deliverables described therein. Data, reports, surveys, and supporting information, including photos, maps and GIS data, must be submitted to the DNR Biologist in electronic format and in any other format they specify.

If a consultant provides a final report, it is recommended that the Grantee provide the DNR Biologist with a draft for comment on report adequacy prior to making a final payment to the consultant. Include electronic copy of the final report along with or prior to submission of grantee's final payment request.
