

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: LPT-366-11

Name: VILLAGE OF BELLEVILLE: RES-Lake Belle View Restoration Proj.

Type: Lakes Grant

Subtype: Lake Protection Grant

Status: COMPLETE

Start Date: 7/1/2010

End Date: 6/30/2012

Purpose: The Village of Belleville proposes, as part of a whole-lake restoration project to restore, create, and protect rare forested floodplain habitat within the lake and adjoining area. The funds will be spent on placing sediment adjacent to existing floodplain forest islands to both protect the existing islands from further erosion as well as create new islands that will eventually be restored to floodplain forest, per the restoration plan on file. The deliverable from this project will be a final report summarizing the project, with photos. The final report will be submitted to the department and placed in the local public library.

Objective:

Comments: Grantee is VILLAGE OF BELLEVILLE

Outcome:

Study Design:
