

## Wisconsin Department of Natural Resources SWIMS Project Summary

### General Project Information

**Project ID:** WCR\_10\_CMP13

**Name:** La Crosse 303d Stream Monitoring 2012 - WCR\_10\_CMP13

**Type:** Competitive Projects

**Subtype:** Impaired Water Assessment

**Status:** ACTIVE

**Start Date:** 7/1/2012

**End Date:** 12/31/2012

**Purpose:** La Crosse proposes to monitor 5 streams in 2012 that are currently on the 303d list. Data collection will include fish and qualitative habitat surveys, macroinvertebrate samples and continuous temperature monitoring. The streams to be monitored include Long Coulee Creek, Johnson Coulee Creek and Adams Creek in La Crosse County, Halls Branch located in northern Crawford County and Prince (Printz) Creek located in northwest Monroe County. All five of the above the mentioned streams are on the impaired waters list for degraded habitat.

**Objective:** This project supports the impaired waters project category. Monitoring on the existing 303d waters will validate and improve the existing listings. The surveys will help define the current condition of the streams and extent of degraded habitat. The streams to be monitored include Long Coulee Creek (1676100), Johnson Coulee Creek (1676400) and Adams Creek (1653700) in La Crosse County, Halls Branch (1184300) located in northern Crawford County and Prince or Printz Creek (1693100) located in northwest Monroe County. Fish and qualitative habitat surveys, macroinvertebrate sampling and continuous temperature sampling will be completed at 13 TBD sites on five existing 303d listed streams.

**Comments:** New project.

**Outcome:** Fish and qualitative habitat surveys, macroinvertebrate sampling and continuous temperature sampling will be completed at 13 TBD sites on five existing 303d listed streams. These streams are lacking recent information.

**Study Design:**

**QA Measures:**

### People

Name	Role	Status	Start Date	End Date	Organization	Comments

SCHNEYER, ANDREW J	TEAM_MEMBER	COMPLETE	8/10/2020	1/3/2024	Wisconsin DNR	
SCHWEITZER, JACOB R	TEAM_MEMBER	ACTIVE	2/17/2012	12/31/2012	Wisconsin DNR	

### Project Statuses

Date	Reported By	Status	Comments
3/15/2012	KURT RASMUSSEN	Proposed	
2/1/2013	KURT RASMUSSEN	Progress: 75-100% Complete	Fish, habitat and bug data has been completed and entered into databases. Continuous water temperature will be monitored through the next field season. Waiting on bug reports and temperature data for final analysis.
12/23/2014	KURT RASMUSSEN	Progress: 75-100% Complete	Results need to be summarized and report needs to be written.

## Wisconsin Department of Natural Resources SWIMS Project Summary

### Project Status Detail

Answer Set: DEFAULT

Question	Answer
1. Number of Sample Sites (Enter the station IDs if you know them).	Fish and qualitative habitat surveys, macroinvertebrate sampling and continuous temperature sampling will be completed at 13 TBD sampling sites on five existing 303d listed streams.
2. Number of Sample Events (Indicate how many trips into the field you anticipate for this project).	Five existing 303d streams will have 3 sampling events (1) recon/temp loggers, (2) fish and habitat (3) macroinvertebrate sampling. There will be approximately 10 trips into the field for this monitoring.
3. Proposed Dates for Sample Collection	Recon and temp loggers deployment will start in late May or early June and macroinvertebrate samples will be collected in October. Fish and habitat surveys will be conducted throughout the months of June through August.
4. List applicable databases and who will enter data?	Macroinvertebrate data will be batch uploaded into SWIMS when analysis is complete by CO. Regional/District staff will enter fish and habitat data into the FH Database.
5. Did you receive competitive projects funding in the previous year?	No
6. If yes to question 5, did you complete the projects including data entry and reports as necessary? If not, why not?	
7. Reviewer Notes: Identify questions or issues with project (use during review period)	
8. Reviewer Decision: Is this project recommended for funding?
