

Wisconsin Department of Natural Resources
SWIMS Project Summary

General Project Information

Project ID: CLMN-20120609-UWEX Spooner

Name: Citizen Lake Monitoring Training - UW-Extension Spooner Agricultural Research Station - 6/9/2012

Type: Citizen Lake Monitoring

Subtype: Training Sessions and Workshops

Status: PROPOSED

Start Date: 6/9/2012

End Date: 6/9/2012

Purpose: Through this free program, volunteers are trained to identify and report occurrences of aquatic invasive species (AIS). Workshop attendees will learn AIS life cycles, instructions on how to organize an effective monitoring team; a timeline of where and when to look for AIS; and instructions on what to do if you suspect that you have found an invasive plant or animal. Hands-on training will be provided. Workshop hosts will provide a monitoring kit at no charge (one free kit per lake). Additional kits and supplies helpful in assisting you in the collection and identification of the plants and animals will be available for purchase. These materials are optional, but many volunteers find them useful. To register, please contact Lisa Burns at Lburns@co.washburn.wi.us or 715-468-4654. For more information on the CLMN program, visit <http://www.uwsp.edu/cnr/uwexlakes/clmn>.
