

## Wisconsin Department of Natural Resources SWIMS Project Summary

### General Project Information

**Project ID:** RP-242-13

**Name:** OZAUKEE COUNTY: Aquatic Connectivity Education Video Development - Milwaukee River

**Type:** River Grant

**Subtype:** River Planning Grant

**Status:** COMPLETE

**Start Date:** 7/1/2012

**End Date:** 6/30/2016

**Purpose:** Aquatic Connectivity Educational Video Development \2013 Milwaukee River Watershed  
Ozaukee Co. and Milwaukee Audubon Society will contract with a professional development company to develop an aquatic connectivity education video. Video will include:  
- 5 minute segment which will help landowners and the general public recognize the values and importance of small tributary streams, how they can identify potential impediments, and provide guidance to help them remove small scale impediments.  
- 8 minute segment will provide detailed technical guidance on designing and installing road and stream crossings suitable for aquatic life passage  
Video distribution will be in accordance with the grant narrative.  
The project deliverables include a chart that tracks the number of video copies distributed, number of video screenings hosted, number of screening attendees, website statistics, number and characterization of questionnaires, number of press releases and newsletters published and number of presentations conducted and conferences/community events attended.

**Objective:****Comments:** Grantee is OZAUKEE COUNTY**Outcome:****Study Design:****QA Measures:**
