

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: SPL-297-13

Name: TOWN OF LAC DU FLAMBEAU: Mapping of Aquatic Plants for the Bear River Watershed Comprehensive Lake Mgt. Plan

Type: Lakes Grant

Subtype: Small Scale Lake Planning

Status: COMPLETE

Start Date: 10/1/2012

End Date: 6/30/2013

Purpose: The Town of Lac du Flambeau is sponsoring a small scale lake planning grant to perform watershed mapping and water quality data analysis for the Bear River within the Town of Lac du Flambeau, Vilas County, as a step in lake management planning effort with a study completion date of June 30, 2013.

Project activities include: 1) Watershed mapping; 2) Water quality data analysis; 3) Presentations of survey results; 4) Develop final report.

Project deliverables include: 1) Watershed maps and water quality data analysis; 2) Presentations; 3) Final report.

Specific conditions for this project: final report needs Department review and approval

WDNR Lakes Management Coordinator will be provided with an electronic (pdf or word) copy of final report, all maps and data from the project and any other educational products from project.
