

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: RP-251-14

Name: DRIFTLESS AREA LAND CONSERVANCY: Pecatonica River & Erickson Wetland

Type: River Grant

Subtype: River Planning Grant

Status: COMPLETE

Start Date: 7/1/2013

End Date: 12/31/2014

Purpose: DALC will undertake a River Planning Project to prepare a restoration, maintenance and monitoring plan for the newly acquired Erickson Wetlands and the associated stretch of the Pecatonica River. Project deliverables are as follows: 1.) Gather and review data and documents that are relative to the project area and develop base maps, 2.) Develop a preliminary restoration, maintenance, and monitoring plan framework, guiding principles, goals, and objectives, 3.) Meet with Village of Argyle and partners to present and discuss the components of the preliminary plan, 4.) Prepare draft restoration, maintenance and monitoring plan, including cost projections, present the draft to partners for review and comment, and update the plan based on comments; 5.) Present the draft plan for comment at a public workshop update the plan based on comments, 6.) Completion of final maintenance and monitoring plan, present the plan to the Village, and have all documents, maps, and photos delivered by the contractor in hardcopy and electronic format.
