

Wisconsin Department of Natural Resources  
SWIMS Project Summary

General Project Information

**Project ID:** LPL-618

**Name:** CITY OF WEYAUWEGA: Lake Weyauwega Survey & Plan Development Phase 3

**Type:** Lakes Grant

**Subtype:** Large Scale Lake Planning

**Status:** COMPLETE

**Start Date:** 4/1/1999

**End Date:** 6/30/2001

**Purpose:** The City of Weyauwega proposes to conduct the final phase of management planning which is designed to pull together all the pieces of previous and current work into a comprehensive management plan for Lake Weyauwega. This project is the 3rd phase of studies conducted in Weyauwega Lake. Phase 1-2 defined physical properties of the resource, seasonal variation in water chemistry, aquatic plant populations and nonpoint source nutrient loading. The objectives of this project are to 1) include public involvement programs, 2) conduct water quality monitoring, 3) conduct an aquatic plant survey/development of an aquatic plant management plan (and budget), and 4) present a report of the above information. The DNR will be provided with both a paper copy and an electronic copy of the final report. Information will be disseminated to the public via a start-up meeting prior to planning work to inform those concerned of project goals and objectives, semi-annual newsletters, presentatoions at membership and/or board meetings, local news releases and a summary brochure and report at the end of the project.
