

Wisconsin Department of Natural Resources  
SWIMS Project Summary

General Project Information

**Project ID:** ALPL-005-04

**Name:** WAUPACA CHAIN O'LAKES PUBLIC INLAND LAKE P&R: Waupaca Chain O Lakes Aquatic Invasive Species Study

**Type:** Aquatic Invasives Grant

**Subtype:** Aquatic Invasives Education

**Status:** COMPLETE

**Start Date:** 4/1/2004

**End Date:** 12/31/2005

**Purpose:** The Waupaca Chain O'Lakes District proposes to develop a strategic plan for the prevention and control of Aquatic Invasive Species. The project includes the development of a stakeholder group consisting of lake residents, county and town officials, business owners and other interested parties. A second objective is to implement educational strategies throughout the strategic planning process. Educational signage at public and private boat launchings will be updated to include information on aquatic invasive species. Local public service announcements will be aired by the local media. A public information open house will be held to establish community relations. The draft strategic plan will be prepared by August 2005 to be approved at the lake district annual meeting. The plan will be shared with lake residents via newsletters and the DNR will be provided with a draft plan and a final approved plan. AMENDMENT #1 includes educational literature containing information about aquatic invasive species which will be developed for distribution from the updated signs and other outlets.
