General Project Information

Project Dis AIRR2011 Name: OWN DF CONVOER: Buckatabon Lakes Early Detection & Rapid Response Project. Type: Aquatic Invasives Grant Studype: Quatic Invasives Early Detection and Response Project. Status: COMPLETE Status: COMPLETE Bit Date: 1/2 Complete International Conversion Sponsoring an Early Detection & Response project which will focus on surveying, monitoring, mapping, and hand-pulling the new discovery of EWM in Upper and Lower Buckatabon Lakes, Vilas County. Project activities include: 1) Conduct annual early-season and michate season ADSH efforts, 41 Conduct waterend and proper and removal and PASH efforts, 41 Conduct waterend in specific son surveying. Conduct volumeer AIS Surveys; 2) Conduct												
Type: Aquatic Invasives Grant Subtype: Aquatic Invasives Early Detection and Response Status: COMPLETE Start Date: 8/21/2015 End Date: 12/31/2017 Purpose: The Town of Conover is sponsoring an Early Detection & Response project which will focus on surveying, monitoring, mapping, and hand-pulling the new discovery of EWM in Upper and Lower Buckatabon Lakes, Vilas County. Project activities include: 1) Conduct annual early-season and mid-late season AIS surveys; 2) Conduct volunteer AIS surveiling control EWM by volunteer hand-removal and DASH efforts; 4) Conduct watercraft inspections and enter data into SWIMS; 5) Control EWM by volunteer hand-removal and DASH efforts; 4) Conduct watercraft inspections and enter data into SWIMS; 5) Control EWM by volunteer hand-removal and DASH efforts; and guidance for continued ontrol actions. Specific conditions for this project: Annual reports and final report one Dept review and approval. WDNR Lakes Management Coordinator will be provided with an electronic (pdf or word) copy of reports, all maps, and all aquatic plan and ng GIS data.
